

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

The report of the Treasurer of the Convention was read and referred to the appropriate committee. On motion the list of unpaid assessments appended to the Treasurer's report was referred to the special committee appointed to consider the report of the Committee on Lay Credentials. The following resolutions appended to the report of the Treasurer were adopted:

Resolved, That a committee of three be appointed by the Bishop to consider the matter of unpaid Diocesan assessments and Retiring Fund allowances shown on the books of the Treasurer; to investigate and determine if possible the reasons for the continued delinquency of certain parishes, and report their findings to the next Convention.

Resolved, That the Treasurer of the Convention be and is hereby authorized to make such miscellaneous disbursements as may be required of him during the Conventional year, provided that such disbursements have the approval of the Bishop and shall not exceed a total of \$75.00.

Inasmuch as the Convention of 1913 failed to authorize the payment of the usual appropriation of \$50 to the Bishop and to each of the clerical delegates to the General Convention held in New York City in October of last year, be it therefore resolved that this convention approve the action taken by the Treasurer.

**Report of the Committee to Examine the Report and Accounts
of the Trustees of the Diocese and Their Treasurer.**

Your Committee has the honor of reporting that three of their number, namely, Messrs. Ziegler, Sullivan, and Ridley, devoted some hours to the careful examination of the accounts, the reported balances, the notes, bonds, certificates of stock, and other securities of the Trustees of the Diocese, representing the various funds entrusted to them, the Secretary and Treasurer, Mr. Lewis H. Paddock, giving every courteous aid. They found all things in agreement with the report, and every evidence of careful and able management of these trust funds.

In reply to their inquiry as to the current value of the stocks,

bonds, and other securities listed in this report at their par or book values, they are informed that while no attempt is made in this report year by year to note the market values of these stocks and bonds, in which there are natural fluctuations, yet that their average total market value for a number of years together would be at least equal to, and generally greater than, the book value named in this report, that only in rare instances, and then only for a time, has the income lapsed on any of the securities named; and that the finance committee of the Trustees, experts in the matter of investments, has control of them and directs the Treasurer in these investments and reinvestments.

As it is no small labor, and involves not merely conscientiousness, but ability of a high order, to administer some thirty separate trust funds totaling \$240,000, in such a way as to incur no loss and to realize for the beneficiaries of these sacred foundations for God's kingdom a regular and stable income; your Committee now desires to call the attention of the convention and the churchmen of this diocese to these things, and proposes for adoption the following resolution:

Resolved, That this convention owes a debt of gratitude to the busy and able men who have been willing to serve as Trustees of the Diocese; and tenders its thanks especially to the Secretary and Treasurer of the Board, Mr. Lewis H. Paddock, who has for many years performed the duties of his important and exacting office without salary, but not without our grateful appreciation.

Respectfully submitted,

PAUL ZIEGLER,
H. E. RIDLEY,
D. P. SULLIVAN.

The report of the Treasurer of the Diocesan Missionary Committee was read and referred to the appropriate committee.

On motion the Bishop's address was referred to a special committee consisting of Rev. John McCarroll, M. D., Messrs. J. H. McDonald and W. C. Owen.

The report of the special committee appointed at the Convention of 1913 to report regarding certain changes in the missionary organization of the Diocese, was read and referred to the Committee on Canons.

Report of Special Committee on Missionary Organization.

To the Eighty-first Annual Convention of the Diocese of Michigan:

This Committee was appointed at the last Convention to take into consideration the suggestion of the Bishop, in his last Convention address, regarding a needed change in the Missionary organization of the Diocese, to make it, if possible, more efficient.

Two meetings of the committee have been held. The first in Bay City, September 8th, 1913, and the second in Detroit, with the Bishop and Dr. Sayres in consultation, January 28th, 1914. Two other meetings of sub-committees were held in Jackson on December 31, 1913, and in Detroit on February 4, 1914.

The subject has been brought before all the present convocations for discussion, that the committee might be guided by the opinions there expressed. Correspondence was had with a number of Dioceses in order to learn their methods of furthering the Missionary interests in their various fields. The result of this correspondence showed two Dioceses with the Archdeaconry system fully in force and working efficiently and satisfactorily. The remainder reported conditions similar to those in our own Diocese and the need of reorganization. The two Dioceses mentioned above are Massachusetts and Western New York.

It was found, however, that, under present conditions in the Diocese of Michigan, it was impossible to adopt the organization of either of these.

We have a General Missionary who has been working in the Diocese since 1899. We cannot speak in too high praise of the work done by Dr. Sayres during the past fifteen years. A man

whose personality and persuasive powers have won the confidence and respect of those with whom he has come into contact, he has succeeded in arousing interest and enthusiasm in the cause of Missions. He has established from 15 to 20 permanent missions, besides visiting 114 places since he took up the work. In addition, to his fostering care is due in large measure, the revival of life and energy in many old established parishes that have become dormant. In all his work he has shown wisdom and foresight. The best interest of the Diocese demands that his work shall not be interfered with.

There is, however, great need in the Diocese of more such work as he is doing. The Bishop, in consultation with your committee, expressed the urgent need of someone whom he might have at his disposal to send about the Diocese, to small vacant parishes where stimulation and fostering care are needed during an interregnum in the rectorship and to do such work as Dr Sayres has done in opening up new fields.

The appended canon is therefore presented to you for your consideration and adoption.

Your attention is called to certain changes from the canon as we now have it.

1. The divisions of the Diocese are made canonical and the number is changed from five to three in order to bring more of the clergy together for mutual help and inspiration.

2. The name of these divisions is changed to Archdeaconry and their executive officers are called Archdeacons, to avoid any possible confusion of titles. We have now a Dean of the Cathedral, and it was thought best to retain this title for him alone.

3. The executive officer is elective instead of appointive. This change was made at the suggestion of the Bishop, who felt that it would put more responsibility upon the Archdeaconry.

4. All appropriations for the missions within the Archdeaconry asked from the Board of Managers must be determined by the Executive Committee of each Archdeaconry and be ratified by the Archdeaconry before it is presented to the said Board.

5. The Board of Managers has been reduced in number from 13 to 7.

6. The new divisions have been prepared after consulting railroad connections and convenience of travel, with the advice of

the Bishop and the General Missionary, who are in position to know these facts. A map of the Diocese has been prepared to show the new divisions.

Your committee presents the following resolution:

Resolved, That the Canon annexed to this report be substituted for Canon XIII of the Canons of the Diocese.

SUBSTITUTE FOR CANON XIII. CANON XIII OF DIOCESAN MISSIONS.

SECTION I. All members of the Church in this Diocese shall be considered as constituting the Diocesan Missionary Society.

SECTION II. The Missionary work of the Diocese shall be under the supervision of the Diocesan Board of Missions, which Board shall be the Convention.

SECTION III. All Missionaries supported in whole or in part from the funds of the Diocesan Board of Missions shall be appointed and may be removed by the Bishop.

SECTION IV. The Diocese shall be divided into three Archdeaconries:

1. The Detroit Archdeaconry, which shall be Wayne County.

2. The Northern Archdeaconry, which shall include the counties of Cheboygan, Presque Isle, Otsego, Montmorency, Alpena, Crawford, Oscoda, Alcona, Roscommon, Ogemaw, Iosco, Gladwin, Arenac, Midland, Bay, Gratiot, Saginaw, Tuscola and Huron.

The members of each Archdeaconry shall be the Clergy resident within its limits, with three lay delegates from each parish and one lay delegate from each organized mission appointed by the rector or minister in charge. It shall be the function of each Archdeaconry to foster the missionary work within its own limits, to provide for the collection and preservation of statistics as to population and the condition of the communities and the result of missionary work and to deal with such other prob-

lems as may be of interest to the Church within its limits. It shall make an annual report to the Board of Managers of its year's work.

(c) There shall be elected annually by each Archdeaconry, at the pre-Advent meeting, a secretary and a treasurer and one clergyman and one layman, and the four together with the Archdeacon, ex-officio, shall constitute the Executive Committee, which shall have power to fill its own vacancies.

SECTION VII. (a) The Executive Committee of each Archdeaconry shall meet at such time and place as it shall determine for the transaction of business, shall make its own by-laws, shall adopt such plans for increasing the missionary revenue as it shall deem best, and shall arrange for such sectional meetings in the various parts of the Archdeaconry as it may find desirable in the interests of the work.

(b) The Executive Committee shall fix the appropriations to be paid the various missions within its limits, and present the same for the ratification of the Archdeaconry. The Archdeacon shall then present to the Diocesan Board of Managers such recommendations as shall have been determined by the Archdeaconry.

SECTION VIII. (a) There shall be appointed by the Bishop a General Missionary and two Canons, who shall be entitled to the full rights and privileges of membership in the Convention and with the consent of the Dean and Vestry of the Cathedral shall be attached to the Cathedral Staff.

(b) The General Missionary shall have supervision of all Missionary work in the Diocese not otherwise provided for by the Bishop. It shall be his duty, either personally or by deputy, to

visit every such mission station and to secure the maintenance of as regular services as possible at these places, and to co-operate with the Archdeacon in opening and developing new mission stations.

(c) The Bishop shall appoint one Canon to be in charge of Missionary work in the Archdeaconry of Detroit.

(d) The other Canon shall take charge of such special Missionary work as the Bishop shall direct. The salary shall be a part of the general expenses of the Diocese.

SECTION IX. (a) There shall be a Diocesan Board of Managers, consisting of the Bishop, ex-officio, who shall be the president, the three Archdeacons and three laymen elected at the annual meeting of the Diocesan Board of Missions upon the nomination of a special committee appointed by the Bishop.

It shall be the duty of the Board of Managers to apportion, with the approval of the Bishop, among the various missions and dependent parishes, the whole sum raised within the Diocese for Diocesan Missions.

(b) The Board of Managers shall elect annually its secretary and its treasurer, and shall present to the Diocesan Board of Missions at its annual meetings:

4. A list of the parishes and missions contributing and the sums contributed by each parish and mission to Diocesan missions.

5. An estimate of the amount of money needed for the missionary work of the Diocese for the ensuing year.

(c) Five members of the Board of Managers at a regularly called meeting shall constitute a quorum for the transaction of business. In the absence of the Bishop one of its members shall be elected by the Board to preside.

The following resolution offered by Mr. James Cosslett Smith, proposing to make the Diocese of Michigan a constituent part of the Fifth Province, was adopted:

Resolved, That the Diocese of Michigan of the Protestant Episcopal Church in the United States of America, in Convention assembled, doth hereby consent to be included in the Fifth Province of the Church, such consent being given as provided in Article VII of the Constitution of the Church.

The rules of order were suspended and the report of the Committee on the State of the Church was accepted, and the resolution appended thereto adopted.

Report of the Committee on the State of the Church.

To the Eighty-first Annual Convention:

The Committee on The State of the Church, taking advantage of the recent meeting of the General Convention and the opportunity for a wider view of the Church, submits first of all some matters relating to the Church at large.

The Committee of the General Convention on the State of the Church, shows in its report that the whole number of communicants is 1,003,483; the whole number of clergy, 5,670; the number of parishes, 3,546; the number of missions, 4,647; the whole number of church edifices, 7,063; the number of rectories, 2,969.

In the three years preceding the General Convention there were 203,674 baptisms; 162,962 persons confirmed; the Sunday School officers and teachers number 49,641, and the Sunday School scholars, 440,956.

There are 26 theological institutions; 16 collegiate institutions; 172 academic institutions; 79 church hospitals; 64 orphan asylums; 76 homes for the aged or indigent; 80 other institutions belonging to the Church.

The total contributions during the three years amounted to over \$58,000,000, and there are in the form of endowments for the support of bishops, \$4,626,884.70; for the support of churches, \$14,320,147.07; for the infirm clergy, \$3,173,714.24; and for other purposes, \$26,602,284.47.

The Committee calls attention to the loss of members by removal, neglect and other causes, and urges a stricter compliance with the new Canon which requires the pastor to send a letter of advice to some clergyman in all cases of removal "even before a permanent residence is established." In the cases where loss is occasioned simply by neglect and indifference, the Committee deplores the fact that it is unable to suggest a remedy. It does urge, however, that this loss shall not be caused by the neglect of the Church, which, in other words, makes it the duty of the clergyman to see that the loss from this cause is reduced to a minimum.

The loss of Church property through neglect is stated plainly, and it is urged that in the proper maintenance of the buildings, the investment of trust funds, and in the conduct of business affairs, churchmen show the same strict attention and use the same careful business methods that they do in their own personal affairs.

The Committee experienced the same difficulty confronting prior committees in compiling the statistics of this Diocese. Some reports have not yet been received, and in some cases no reports have been filed for several years. In order to present as full and complete a report as possible, the Committee has supplied the missing statistics by using those of the last report on file from such parishes and missions. By doing this we have been able to present a fairly accurate and complete statement of the statistics of the Diocese.

There are 66 parishes, 36 organized missions, and 19 unorganized missions in the Diocese.

From the reports received it appears that there have been 1,437 baptisms and 1,117 confirmations during the last Diocesan year.

The reports filed and the statistics available from prior reports show that there are 19,377 communicants, a net increase of 974 for the year.

There are 8,602 Sunday School scholars, showing an increase of 359 for the year.

The value of all Church property in the Diocese is \$2,706,960.00. The net amount of indebtedness upon such property is \$133,635.54, showing a reduction of indebtedness for the year of \$18,746.53.

The reports received show that 71 parishes and missions have made some contribution to Diocesan Missions, 69 to General Mis-

sions, 63 to the aged and infirm clergy of this Diocese, 31 to the General Clergy Relief Fund, and 70 to the Retiring Fund apportionment. It seems to your Committee an unaccountable thing that every clergyman in the Diocese does not urge his congregation to contribute something to the Aged and Infirm Clergy Fund, in which he has an individual interest. It only needs a few words from the clergy to get their parishioners interested in this fund. The strongest appeal that can be made to people is by a clergyman on behalf of those aged servants of the Church who have spent their lives in the service of the Master, and who in their old age or infirmity are unable to help themselves.

Considering the statistics of the Diocese from its Convocational divisions, the following table presents the results shown by the statistics of the parishes and missions in the several Convocations:

Convoca- tions.	Bap- tisms.	Con- firma- tions.	Com- muni- cants.	Net In- crease.	S. S. Schol- ars.	Net In- crease.
Detroit	822	638	10,500	742	4,440	106
Central	167	80	2,543	39	1,173	17
Southern	141	186	2,948	140	994	54
Saginaw	174	125	1,898	9	1,055	109
Northern	109	61	1,286	44	940	73
Gen. Miss	24	27	202
	1,437	1,117	19,377	974	8,602	359

In the Detroit Convocation the total increase of Sunday School scholars was 339, but several of the churches revised their Sunday School lists and show decreases amounting to 233, leaving a net increase for the Convocation of only 106.

The confirmations in the city of Detroit are the largest in number for any year except one since 1899, as will be seen by the following table reproduced from the report of the Committee on the State of the Church to the 80th Annual Convention, with the addition of those confirmed in 1914:

1899—Confirmed in Detroit...	422	Communicants...	7,081	6.2%
1900—Confirmed in Detroit...	444	Communicants...	6,658	6.2%

1903—Confirmed in Detroit...422	Communicants...7,421	6 %
1904—Confirmed in Detroit...443	Communicants...7,805	5.9%
1905—Confirmed in Detroit...417	Communicants...8,026	5.3%
1906—Confirmed in Detroit...462	Communicants...8,053	5.7%
1907—Confirmed in Detroit...375	Communicants...7,767	4.6%
1908—Confirmed in Detroit...429	Communicants...7,546	5.5%
1909—Confirmed in Detroit...379	Communicants...7,664	5 %
1910—Confirmed in Detroit...409	Communicants...8,055	5.3%
1911—Confirmed in Detroit...558	Communicants...8,269	6.9%
1912—Confirmed in Detroit...484	Communicants...8,517	5.8%
1913—Confirmed in Detroit...354	Communicants...8,377	4.1%
1914—Confirmed in Detroit...534	Communicants...9,158	5.7%

The same question presented itself to this Committee as presented itself to the Committee last year, namely, the difference between the number of communicants and confirmed persons. The Committee cannot understand why the distinction should be made. Are not all confirmed persons communicants of the Church and entitled to be classed in the enrolled membership of the Church? A person who has once been confirmed can communicate at any time, and in large cities it is quite possible that many confirmed persons communicate at some time during the year without the fact being known to the rector of the church to which they belong. Under the Canon of the General Convention, enrollment as a communicant entitles such person to receive from the rector, minister or warden of the parish a certificate stating that he or she is duly registered and enrolled as a communicant, and on presentation of that certificate to some other rector, minister or warden, he or she is entitled to be enrolled. It is in the mind of the Committee that the General Convention took some action upon this subject along the line of including in the communicants' list all those who have been confirmed, but in the short time at our disposal we have not been able to find it for quotation and presentation.

The most interesting and satisfactory result placed before us by the statistics is that, notwithstanding the removals, transfers and losses of all kinds, every Convocation shows a net increase. In one or two the increase is small, but still at the same time it shows that there is a forward movement all along the line, and that the Church is making headway not only in the larger cities

and towns but in small places as well. We trust that the record of 1913-14 may be continued in the future.

The one thing that the Committee desires to impress upon the attention of the Convention is its inability to get the reports in time to make a more thorough and comprehensive study of the conditions in the Diocese.

At the last meeting of the Convention a resolution was adopted authorizing the Committee to send out a special blank for such information as they desired to receive. Such blank was sent, and while there has been some improvement, still very many did not send in the blank at all, but waited until they had their report made out and sent that in its place. The work of the Committee in compiling the statistics was not completed until midnight of the day prior to the Convention, and it can be readily seen that under those conditions very little can be done other than to present such statistics as have been compiled. Those who are most persistently negligent in this respect are receiving aid from the Missionary funds of the Diocese, and it shows a lack of loyalty, to say nothing more, for such clergymen to be indifferent to this duty which they owe to the Diocese. It seems to your Committee of all things desirable that once in the history of the Diocese the tables compiled by the Secretary should be complete, that there should be no vacant lines as there too often are. It is believed that this can be attained this year by a little discipline—discipline that will not do any material hurt, but will prompt the sending in of reports without further delay. Your Committee, therefore, presents the following resolution for adoption:

Resolved, That any clergyman receiving missionary aid from the Diocese who has failed or neglected to send in a report for each parish or mission in his charge, shall have his missionary stipend withheld until such time as correct reports are filed with the Secretary of the Diocese. On motion the rules of order were suspended and the report of the special committee on the General Clergy Relief Fund was received and ordered printed in the Journal.

Report of the Committee on General Clergy Relief Fund.

To the Eighty-first Annual Convention of the Diocese of Michigan,
May 13-14, 1914:

Report of Special Committee on the "General Clergy Relief Fund," to which is attached report upon the "Christmas Fund," your Committee having been authorized by the Bishop of the Diocese to add efforts in behalf of the latter to their work. The report upon the "Christmas Fund" precedes that upon the "General Clergy Relief Fund."

On November 1, 1913, your Committee sent to every clergyman in the Diocese a letter stating the tasks that had been assigned to it, and explaining the distinction between the two funds. This letter further called attention to the suggestions regarding the General Fund made by Bishop Williams in his Convention Address, and to the valuable printed matter in its interests prepared by the Rev. A. J. P. McClure for free distribution. It concluded with note of reference to the "Christmas Fund," advising of letter soon to follow, and emphasizing the fact that this is a "Canonical Offering" to which every loyal parish must contribute at Christmas-tide. The request was made that the letter of November 1 should be read to each congregation.

On December 1 a letter was sent to every clergyman, enclosing:

1. A letter to the laity, soliciting interest in, and contributions to, the "Christmas Fund."
2. A special envelope for offerings to said Fund.
3. A postal card, on which reply might be made by the clergy, specifying what number of "lay letters," and envelopes, could be profitably used in each parish.

Forty-three replies (or about sixty per cent of the number possible) were received; thirty-four asking for "letters to the laity," and envelopes, and nine stating that other methods for arousing interest would be used. The chairman of your Committee later received personal letters from several of the clergy, strongly commending the method, and announcing material increase in the Christmas offering.

On March 1, 1914, your Committee wrote again to every clergyman in the Diocese, enclosing a stamped addressed envelope, and a card with blank spaces for reply, making specific enquiry

concerning the General Clergy Relief Fund. To this letter forty-six replies were received; twenty-nine stating that offerings had been taken for this Fund; seven promising that such offering would be taken by May 1, and seven stating that such had not been, nor would be taken previous to Convention. The Journal for last year shows that nine parishes and missions made such offerings between May, 1912, and May, 1913.

Respectfully submitted.

The Convention then adjourned subject to the call of the President, and the meeting was turned over to the President of the Diocesan Church Club, Mr. Harry L. Pierson. After certain business of the Club had been transacted, the President then called the Convention to order and Mr. Monell Sayre, Secretary of the Church Pension Fund, was introduced to the Convention. Mr. Sayre explained clearly and in detail the features of the new pension fund adopted by the last General Convention in October, 1913.

The following resolutions offered by Mr. C. A. Lightner were adopted:

Resolved, That the Convention of the Diocese of Michigan approves of the legislation of the General Convention of October 22, 1913, to unify all of the agencies of the Church for clerical relief, and to establish an adequate system for assuring support to all of the aged and disabled clergy and to the families of all deceased clergymen upon a sound financial basis.

Resolved, That a committee of five members be appointed, to be entitled "The Committee on the Church Pension Fund," to take into consideration the relation that the Diocese of Michigan should bear to the Church Pension Fund, and to report to the next Convention.

The Bishop appointed as members of that committee Rev. W. Warne Wilson, Rev. John Munday, and Messrs. D. P. Sullivan, W. H. Radford and H. P. Cope.

By a rising vote the Convention extended to Mr. Sayre its cordial thanks for his kindness in coming to Detroit and his interesting and comprehensive explanation of the new Pension Fund.

The Convention then adjourned and the delegates attended a reception given at the Episcopal Residence by the Bishop and Mrs. Williams.

Report of Committee on School Histories.

The committee appointed by the Convention of 1912 and continued by the Convention of 1913 to request the Board of Education of the City of Detroit, through the Superintendent of Public Schools, to discontinue the use of Bourne's volume on "Mediaeval and Modern Europe" because of serious objection to statements therein touching the Creed and Historic Continuity of the Church of England, report: That we have been informed by the Superintendent that the volume objected to will not be used in the Public Schools after the close of the present term, but will be supplanted by Professor Samuel B. Harding's "New Modern and Mediaeval History," which book we were at liberty to examine.

That portion of Professor Harding's book which treats of the Reformation in England was carefully examined and appeared to be measurably fair and free from the objectionable features of Bourne's volume.

The committee wish to record their appreciation of the courtesy shown them and of the service rendered the Church by the Superintendent of Public Schools, Dr. C. E. Chadsey.

The following resolutions offered by Mr. D. W. Smith were adopted:

Resolved, That the sum to be raised for Diocesan expenses for the year ending April 30, 1915, be fixed at the amount shown on list prepared by the Treasurer—\$5,615.00.

Resolved, That twenty per cent of the assessments received be paid by the Treasurer to the Church Club of the Diocese, to relieve the Club from carrying the full burden of providing Episcopal Rooms and Bishop's Secretary.

Resolved, That should the Treasurer find, on closing his books May 1, 1915, that his balance of cash on hand exceeds one thousand dollars (\$1,000.00), he be instructed to pay to the Trustees of the Diocese the amount of one thousand dollars (\$1,000.00), to be credited to the Episcopal Fund.

Resolved, That the Treasurer of the Diocese be instructed to pay \$200.00 for Secretary, \$50.00 for Assistant Secretary, \$50.00 for additional expenses of Secretary, \$10.00 for pages, \$10.00 for Sexton of Church, and the usual salary of the Registrar.

The report of the Commission on Domestic and Foreign Missions was read and accepted:

Report of the Commission on Domestic and Foreign Missions.

The distribution of the Diocesan Apportionment of \$16,740 for 1913-14 was made last July, and the list of parochial apportionments printed in the Michigan Churchman for August, 1913. In accordance with the request of the General Treasurer, these apportionments were this year made in even dollars, as authorized by the last Convention.

The year of the Board has yet three months and a half to run; a statement from the New York office, showing remittances received up to May 9, credits the Diocese with \$9,312.90, as compared with \$9,891.82 of like date last year—falling short about \$479 on an apportionment of \$341 larger than last year's. This means a loss of 4 per cent at this date compared with a year ago. It is evident that an earnest effort is demanded if Michigan is this year to accomplish what we all hope for, the payment of our apportionment in full.

Of the twelve Dioceses of our Fifth Province, our own has the distinction of making, the last year (ending September 1, 1913), the greatest advance over the contributions of the year preceding it; we had increased our payment by \$1,194.87. We had paid in 1912 seventy-five per cent of our \$16,210; in 1913, nearly eighty-two and a half per cent of \$16,399.

And again, of 107 congregations apportioned, 52 paid in full, as against 37 the year before. And for five years past, Michigan gave each year something more than the year before. It is a gratifying record: let us not retreat now!

The Commission prepared and sent out two circular letters, which went out simultaneously—one to each Minister in charge of a congregation, and one to each Vestry. Not above a dozen replies have been received; but these have been almost without exception distinctly encouraging. That only one-fifth of those from whom we should have heard felt it incumbent on them to answer our communications, and that we should accept it as we did without surprise, is itself sufficient commentary. Commissions and Committees are no doubt necessary parts of the diocesan machinery; but it must be confessed that to serve on them and to endeavor seriously to perform that for which they are created, is rather a thankless task. If, however, the Diocese shall continue to show increase in its missionary giving, we shall accept it as our compensation to assume

that our Commission has done something—be it more or less—to bring about the result.

We cannot review our own efforts in Michigan without some reference to the support of General Missions in the Church throughout our land. The Board has sent out month after month reminders, more and more startling, of a growing deficit; and appeals to clergy and people to meet the emergency. This, to be sure, is no new thing; although for a few years past we have not heard so much of it. The situation at the moment is beyond question serious. Just when in every field, foreign and domestic, almost unprecedented opportunities are thrust upon us, the Church appears to be withholding the means of supporting even the existing work, and to compel retrenchment instead of advance. A reading of the weekly Church press affords no evidence of poverty having befallen us: all over our land, great sums in many a parish in every Diocese, in the aggregate a vast total, must be spent, not always upon tools for work, but often for "enrichments" and adornments of "goodly stones and offerings." Perhaps there is no relation of cause and effect. But one cannot help feeling a humiliating incongruity.

The administration of the Board has come in for some criticism, on the score of expense. It is our undoubted right to ask questions as to the wisdom and efficiency of the methods employed by our agents the officers and members of the Board. But loyalty to the Church, and indeed common justice, demands that we hold to facts if we undertake to judge. A decrease of over \$50,000 within seven months in the offerings from parishes can in no wise be accounted for by a needlessly heavy bill for printing and postage, or by the employment of some secretaries deemed by critics to be unnecessary. Such a decrease reflects rather upon our clergy and people in general; and the more so when inquiry seems to establish the conclusion that all which is today being done for General Missions by our great Church is done by probably one-fourth of our communicants.

Whether the employment of "Department Secretaries" is justified is perhaps a fair question. In our own Province, we are inclined to think there is no longer need or opportunity for such an office. The support of such a Secretary is about equal to that of a Missionary Bishop. If this item of expense is deemed unjusti-

fiable, it is for Conventions like this to express their judgment to that effect, and to make it known to the Board. Whether in the management of the office business there could be greater economy, we gravely doubt; its total cost is a small percentage upon the business handled.

Is it not rather a time to take seriously the obligation resting on every Minister and on every member of a Vestry, as set forth in the Church's Law:

"Each Minister in charge of a congregation and the lay officers thereof shall use all diligence to secure each year the funds required by the Board of Missions for the spread of Christ's Kingdom, at least to the amount of the apportionment for the year."—Canon 55, Article v, §2, c.

If this were done by us all, what need would there be of any appeals for emergencies?

After all said, out there at the front is a force of men and women—thirty missionary Bishops, six hundred and sixty missionary Clergy, not to mention a host of teachers, physicians, nurses, deaconesses—who have gone at the call of the Church to carry light into dark places, who are winning *pro rata* more souls to the Church than do we at home, who are carrying civilization and not demoralization to the ends of the earth. We have sent them out—we: for there is not one but has been tried, examined, appointed by due authority, the authority of our whole Church vested in officers created by us in General Convention. Can we repudiate our obligation to our own army in the field?

The following resolution offered by Rev. Dr. Tatlock, D. D., was adopted.

Resolved, That there be appended to the Report of the Commission on Domestic and Foreign Missions a list of the parishes and missions of the Diocese, showing the amounts of their respective apportionments for Domestic and Foreign Missions and the amounts which they have severally paid on their apportionments for the year ending September 1, 1913.

The report of the Harris Trustees was accepted and ordered printed in the Journal.

Report of the Harris Memorial Trust.

The Harris Memorial Trust begs leave to report to your honorable body that the Ransom E. Wood Memorial Fund has yielded an income at the rate of five hundred dollars (\$500.00) per annum since the last report. Under the direction of the Board of Trustees, the revenue derived from that fund has been applied to the salary of the Curator of Harris Hall.

The principal is now invested in mortgage bonds, approved by the Trustees, yielding an annual income of five per cent (5%).

Very respectfully,

LEWIS H. PADDOCK,

Treasurer of Harris Memorial Trust.

SIDNEY T. MILLER,

Secretary of Harris Memorial Trust.

May 13th, A. D. 1914.

The following resolution offered by Rev. W. D. Maxon, D. D., was adopted.

Resolved, That this Convention respectfully report to the Board of Missions that in the judgment of the Diocese of Michigan it is inexpedient to continue the payment of the salary of a Provincial Secretary.

On motion the President was requested to appoint a committee of three for the purpose of submitting names

for the Diocesan Board of Religious Education. The President appointed as members of this committee Rev. W. H. Poole, Rev. John Munday, Mr. C. A. Lightner.

The report of the Social Service Commission was read and accepted.

Report of the Commission on Social Service.

If the Christian Church is to do her part in creating a better social order, she must not allow herself to become the champion of one class as against another in the present order. She must be the friend of all. It is her office to teach men, so that they shall come to have a true conception of their social duty; and, to be able thus to teach, she must gain their attention and win their confidence. It is fatal for her to assume the attitude of an enemy towards the members of any class, and to make them the object of invective and denunciation. The new social order that we seek is to be an order created by good will. It is the supreme duty of the Church to endeavor to bring men under the sway of that holy passion, and, to do that, she must herself be under its sway.

The poor are victims in the present order; so also are the rich; all are in the grip of a system which has come down from the past. It is an unrighteous system, but it is not in agreement with the truth to charge all of its evils against the present members of any class. The social problem is not a simple but a complex problem. To be of service in the solution of this problem, the Church must possess herself of the widest knowledge; she must consider the problem in all its aspects. As has been said, she must study it from the standpoint of the senior warden as well as from that of the sexton, from the standpoint of the mill owner as well as from that of the mill operative.

In any industrial controversy, instead of talking to the public, it is better for the Church, at first at least, quietly to seek to come into direct personal relation with the parties in dispute. That is the Gospel method: "If thy brother sin against thee, go, show him his fault between thee and him alone; if he hear thee, thou hast gained thy brother."

The attitude of the Church must be that of the spiritual leader,

ever striving, with infinite patience and unbounded good-will, to bring men to the vision of the highest ideal of life, and to the acknowledgment of the highest demands of righteousness.

The perfect social system will not come through specific formulas or programs; it will not come through the inspiration of some great statesman or the vision of some great prophetic soul. It will come by slow evolution, through the thoughts of many men, the visions of many prophets, through conflict, through suffering, through the unceasing pressure of the will and purpose of God, who will not let man rest until he shall find and shall follow the way of justice for all.

The Chairman of the Committee on Hymnal Revision made an oral report which was accepted.

The report of the tellers of elections was received. There being no election of the remaining two deputies to the Synod of the Fifth Province, another ballot was taken and the tellers again retired.

The report of the Registrar of the Diocese was received and ordered printed in the Journal.

Report of the Registrar.

To the Convention of the Diocese of Michigan:

The Registrar has met the routine duties of his office, the supplying of Journals to other dioceses, to libraries, colleges, and other institutions desiring to complete their sets of Michigan Journals, the supplying of historical information from our diocesan records, and other like things; and he has gradually, by gift and otherwise, been accumulating the nucleus of a theological and historical library for the diocese. The journals, pamphlets, and bound books belonging to our diocesan collection are safely housed in the large space above the vestry and in the reading room of the Mariners' Church.

properly arranged for this purpose at the expense of the Trustees of that Church. The Registrar solicits from Clergymen removing from the Diocese, and from the heirs of those having large libraries which they do not wish to retain, further gift books properly belonging to a diocesan library. This now contains:

Convention Journals of various Dioceses.....	3,514
Miscellaneous pamphlets	2,065
Books in manuscript, records, etc.....	14
Plans of Churches.....	2
Unbound numbers of magazines.....	926
Bound volumes, magazines, historical and theological works and Books of Reference.....	681
Total	7,202

The Diocesan Library should include:

1. Works especially relating to Church history and law, parochial, diocesan, national and general.
2. Other historical works bearing indirectly upon Church history.
3. Theological works, speculative and controversial, and written from all standpoints. A good Diocesan Library of reference would plainly include examples of good, strong theological thinking, modern or quaint, both within and without our own communion.
4. Commentaries, cyclopedias and general books of reference.
5. Published sermons and copies of all works written by clergymen and laymen of the Diocese of Michigan.

Maryland, Massachusetts and several other dioceses have already large and valuable collections, and some dioceses place funds at the disposal of the Registrar for the increase of the library by the purchase of new books. It is perhaps too early for our Diocese to do such things, but not too early to look forward to the time when we can have a large, commodious, and comfortable diocesan library and reading room for those who may be specially interested in the things pertaining to the Kingdom of God.

Respectfully submitted,

PAUL ZIEGLER, Registrar.

The report of the Committee on Deceased Members was received by the Convention standing and ordered printed in the Journal.

After 17 years of continuous oversight of the funds of the Diocesan Missionary Board, Mr. Howarth voluntarily relinquished his duties, which with unfailing efficiency and credit he has discharged.

The regret with which all members of this Convention regard the loss of Mr. Howarth's valued services is profound. His administration of the trust committed to him has been characterized by fidelity, accuracy and a rare degree of devotion to the Diocese, and especially to its missionary needs and obligations. To all actively engaged in the mission field of the Diocese Mr. Howarth's courtesy and kindness have given such confidence and encouragement as to impress upon his relationship toward them a character of personal friendship. He has kept a true, generous, Christian personality in the midst of his official responsibilities and acts. The appreciation with which all members of this Convention esteem his character and service is sincere and lasting.

Resolved, That a copy of this minute be sent by the Secretary to Mr. Howarth.

The report of the Sunday School Commission was read and accepted.

Report of Sunday School Commission.***To the Eighty-first Annual Convention:***

Your Commission would respectfully report that since the last meeting of Convention it has held no meetings, no business of special importance presenting itself, and the question of transferring the work of the Commission to a Diocesan Board of Religious Education having been referred to the Committee on Canons with request to report to this Convention, which, we understand, it is prepared to do.

That portion of the Bishop's address referring to the falling off in our S. S. population, which was referred to the Commission, we feel should have longer and fuller consideration than the short time elapsing between its reference to us and the presentation of this report, permits. With no thought of minimizing the importance of the condition, we would nevertheless call attention to the fact that certain factors are to be taken into consideration.

First. The sparse number of children in the homes of the church. There are rectors of this Commission who have an accurate census of their parishes in growing cities, and who know that every baptized child in such parishes, between the ages of 6 and 16, is on the rolls of the Sunday School, and yet who report a smaller number of S. S. scholars than ten years ago.

Second. The conscientious reluctance of our S. S. authorities to use methods of (we can call it nothing else than) proselyting. While the children and managers of other Sunday Schools have no hesitancy in seeking to induce members of our own to desert us, for them; using methods that, under other conditions, might be stigmatised as bribery, we will not permit this, for very apparent reasons.

Nevertheless we regard the condition as so vital as to urge its most careful consideration to the new Board of Religious Education.

Sidney T. Miller and John C. Spaulding, making the whole committee as follows: The Rev. Samuel S. Marquis, D.D., the Rev. Paul Ziegler, Mr. Henry Otis, Mr. Sidney T. Miller, Mr. John C. Spaulding.

The resolution of Rev. P. G. H. Robinson providing that all meetings of the Convention in the future should be held in St. Paul's Cathedral, was lost.

Resolved, That the Secretary of Convention be and is hereby authorized and instructed to deliver the necessary number of Journals of the Convention to the various parishes and missions, the cost of such delivery to be paid from the expense fund of the Diocese.

Mr. James Cosslett Smith was nominated by the President and unanimously elected by the Convention as Chancellor of the Diocese for the ensuing year.

The following resolution offered by Rev. John McCarroll, M. D., was adopted by a rising vote:

Resolved, That the thanks of this Convention be extended to the Rector, Vestry and ladies of St. John's Church for their generous hospitality on this occasion.

Rev. W. H. Gardam was elected as Trustee of Kenyon College for the Diocese of Michigan.

The Convention accepted the invitation of the Bishop to hold its next meeting in St. Paul's Cathedral, Detroit.

The following resolution offered by Mr. D. W. Smith was adopted:

Resolved, That the Secretary be instructed to write each Clergyman of the Diocese requesting him to notify the Secretary of the number of copies of the Diocesan Journal he may require. The number of copies printed to be based on the information received.

There being no further business before the Convention the reading of the minutes of the second day was dispensed with and after prayer the Convention adjourned.

APPENDIX A

The Bishop's Address

Brethren beloved in the Lord, according to our custom we commemorate at this communion service those of our fellow laborers in "the Kingdom and patience of Jesus Christ," who, during the past year, have entered into the blessed communion of the saints in light and into the glory of the Nearer Presence.

Four of our bishops have laid down their arms and passed from the Church militant into the Church triumphant. Rt. Rev. Henry Douglass Robinson, D. D., Christian scholar and gentleman, who gladly surrendered the ease and comfort of a scholastic work for one of the most difficult outposts in our missionary field, Nevada.

Rt. Rev. William Woodruff Niles, D. D., Bishop of New Hampshire, oldest in years and second in length of service in the Episcopate, gentle and beloved.

Rt. Rev. John Scarborough, D. D., Bishop of New Jersey, fourth in years of consecration, indomitable in energy and faithful in service both to his diocese and also to the Church at large in her Board of Missions.

Rt. Rev. Charles Clifton Penick, D. D., an earnest soul, "the zeal of the Lord consumed him," who brought order out of chaos in perhaps our loneliest and least attractive field of service, Cape Palmas, until the African fevers forced him to retire; and then carried with him, back from the frontiers of the Kingdom into the home Church, the missionary spirit to inspire his own faithful parochial work as well as the mind of the Church at large.

Three of the front seats in the House of Bishops have thus been vacated during the current year.

We have lost one from the ranks of our Diocesan clergy, Rev. Horace H. Jackson, Deacon, a gentle spirit, "full of grace and the Holy Ghost," loving, winsom, patient, persistent, faithful; having long devoted himself to social service inspired by Christian faith, he later sought the more intensive work of the Christian ministry and served in one of our most discouraging and difficult fields with a rare combination of tact and firmness, gentleness and courage. He had just entered with joy and great promise upon his work as vicar of St. George's, Detroit, when he was called to his rest and reward.

Bereavement has come to another of our clergy. Mrs. Lionel Cecil Difford, beloved wife of the former missionary in charge of St. John's, Durand and now rector of St. Andrew's, Algonac, and St. Mark's, Marine City, having sojourned briefly among us, "a stranger in a strange land," with a new and fair prospect just opening before her, for which she had eagerly and joyously planned, was called "to depart hence in the Lord." She met her summons with such peace and resignation as are inspired only by a deep

and positive Christian faith and hope. Our sincerest sympathy is given to her bereaved husband with his motherless child.

The following names of those eminent in the service of the Church who have entered into rest have been sent me by the clergy upon my request:

St. Andrew's, Ann Arbor: Prof. Charles S. Denison, a member of the vestry for upwards of 38 years; secretary thereof from 1875 to 1897; junior warden from 1898 to 1906; senior warden from 1906 until his death, July 30th, 1913. He was, in every office, faithful and punctual in the performance of every duty. Besides giving this long and faithful service to the parish, he rendered efficient service to the diocese as a member of this convention for fourteen years and as a member of the Standing Committee for ten years. Prof. Denison was descended from a long line of distinguished ancestors and he exhibited in his character the virtues and graces which are the natural product of generations of noble living and generous culture.

Mrs. Caroline E. Crocker, a woman of rare beauty of character, who could be described without exaggeration in the words of St. Paul's description of charity. Her human interest was without bound and she contributed to the full of her life and of her means to every worthy cause.

Moses Seabolt, a faithful and efficient vestryman for twenty years, a constant attendant upon the services of the church and a generous supporter of the Church's work.

St. John's Church, Alma, has lost Glen Martin Montegal, a young man of irreproachable character, of great

promise, of scholarly attainment and of deep devotion to the Church.

Grace Church, Bay City—Mrs. Ellen Howell Neal, Mrs. Gertrude B. Pierce, Mrs. Jane Strachn, Mrs. Frances West, Mrs. Arabella Brown, Mrs. Felix Young, and St. John's, Bay City—Mrs. Catherine G. Wilde, Mrs. Sarah M. Frederick—all "devout women and steadfast in the faith."

All Saints, Brooklyn—William S. Culver, a life long member of the parish, for many years its senior warden, likewise for many years a member of this convention, gentle of manner, kindly in heart, "given to hospitality," a friend of everybody. His taking away has been a great loss not only to the parish but to the whole community.

Christ Church, Dearborn—Mrs. Elizabeth Snow, a faithful and conscientious member of the parish since she came in 1851 as the bride of the post surgeon of Fort Dearborn, a Christian gentlewoman in the full sense of the word, mourned by the parish and the community alike.

Christ Church, Detroit—Mrs. Jennie Roehl Wadsworth, Mrs. Elizabeth C. Brush, Miss Mary A. Trowbridge, Mrs. Clara B. Mercer, Neil Worthington Snow, Miss Susan S. Talman, Mrs. F. C. McMath.

St. John's, Detroit—Mrs. Mary Louise V. Richmond, Mr. Frederick Driggs, so long head of St. Luke's Hospital.

St. Paul's Detroit—Mrs. Cora S. Pridgeon, an earnest and devoted Church woman, who contributed liberally in her will for the endowment of her former parish, St. John's, as well as of St. Paul's Cathedral. William Addison Butler, Jr., William Jared Chittenden.

St. Stephen's, Detroit, has suffered the loss of its senior warden, Mr. Don D. Silliman, who for many years occupied the highest lay office in the parish. He was ever generously mindful of the parish. Many of the memorials, including the beautiful pulpit to the memory of Bishop Harris, were designed and constructed by him. He bequeathed to St. Stephen's almost one-half of his estate.

Trinity Church, Detroit—Miss Isabel F. Thirkell, the oldest teacher in point of service in the Detroit public schools, having served for fifty years and since 1871, that is for 43 years, as principal of Pitcher School. Thousands of pupils have passed under her care and received the impress not only of her rare ability but also her kindly personality which won the affection of all. It is a record of noble service.

Out of 42 burials during the past year, All Saints', Pontiac, reports the following names of the departed for commemoration in this address:

Mrs. Maria Pound, 88 years of age, a devoted servant of the Master and loving the Church, His bride; in her days of strength an active laborer in the work of the Church; for many years incapacitated by invalidism, ever seeking and rejoicing in the ministrations of the church.

Dr. George H. Drake, for many years a vestryman and warden of the parish and a member of this convention,—singularly devout, true and loyal to the Church and ever ready to give of his time and talents to her service. An accomplished organist, his playing always expressed the devotion and reverence of his spirit and aroused a response

in those who heard. As a physician, beloved by all his patients and ever ready to respond to any call made upon him by the rector for service among the poor.

Mr. Justus W. Toms, son of Alvin Toms, a pioneer in the work of the Church in Oakland county, brother of Robert P. Toms, a benefactor of St. Paul's Cathedral, and himself in his younger days an active worker and intelligent son of the Church. He died at the ripe age of 89.

Mrs. Louise Palmer, for a number of years an invalid, confirmed on her sick bed last September. The services of the Church were a great comfort to her and she made the parish a substantial gift in her will.

St. Stephen's, Hamburg, has lost a faithful member and earnest worker in the person of Mrs. Ida V. Royce.

St. Paul's, Flint—Dr. Frances D. Clarke, for many years head of our State School for the Deaf, and for twenty years verstryman and warden of the parish,—a "man greatly beloved" both for his noble and unselfish service and personal character.

Miss Ernestine R. Burr, daughter of Dr. Burr of Oak Grove Sanitarium, warden of the parish; a young woman of rare grace and sweetness of person and character and an active worker in the service of the Church.

Mrs. Mary Holmes Milner, for many years faithful and devoted in the work of the Church.

Our little mission at Taft mourns an irreparable loss in the death of Mrs. Margaret Allen, wife of William Allen. In their home the first service of the Holy Communion in Taft was celebrated. Mrs. Allen was most gentle, firm and

true in character; her religion practiced not only for herself but for others. It is not too much to say that she was the best loved woman in the community.

Grace Church, Port Huron—Mrs. Helen W. Bennett, aged 77, for many years an active worker in the parish and prominent in all good works in the community.

Mr. Wilbur Fish Davidson, for seven years a vestryman, a leading business man of the community and of the state, noted for his keen acumen and enterprise, talents which he devoted to the management of the temporalities of the church; generous in his gifts, prompt to fulfill all pledges, whether of money or of work, a constant source of encouragement.

Mr. Hartson Gilette Barnum, vestryman for thirty-five years and member of the choir for more than 40 years, beloved by all, held in the highest esteem by all for his stainless integrity and splendid financial ability; as president of a leading bank, he proved a tower of strength to the whole community in time of stress. While generous in his material gifts to the church and every worthy cause, he was even more remarkable for his loyalty to any work he undertook, a modern Nathaniel, pure, kindly, gentle, an "Israelite without guile."

St. John's, Saginaw—Mrs. Ezra Rust, a generous and kind soul who believed in doing good works in secret, ever ready to help whenever help was needed; in former days active in parish work and in her declining days interested and open-handed in promoting the work of the kingdom of God.

Mrs. F. Bruce Smith, for many years laboring in the primary department of the Sunday-school, giving of her time and strength without stint to parish work and living the law of sacrifice, up to the last unflagging in her interest, a thorough and large-hearted churchwoman whose many deeds of love will never be forgotten by those to whom they were manifested.

Mrs. Julia A. Ewers, a devoted and faithful child of God, to whom her Church meant everything. Her labors for the Master were as abundant as her zeal for the church. In her loyalty she never lost an opportunity to bear witness to the light that was in her.

St. Thomas, Trenton—Mr. S. M. Zerke, an English churchman, active in Church work, for many years a vestryman and secretary of the vestry.

Mrs. John Moore, a most devoted churchwoman, zealous in all good works, a loving and faithful servant.

Trinity Church, Monroe—Mr. Royal Mills, many years a vestryman, faithful and efficient in his duties. A consistent churchman and self-sacrificing Christian.

St. Luke's, Ypsilanti—Charles Edward King, for many years a leading member of the vestry, serving as its secretary and treasurer; a leading citizen, a gentleman of unusual culture and refined tastes, a rare friend, a "son of consolation," wise in counsel and ready of sympathy to all in trouble or sorrow, generous with his purse and time, one of the most gifted and devoted citizens the city has ever had.

Dr. James Hueston, a leading physician of fifty years' service, in former days a notable member of the state leg-

islature, serving the public faithfully both professionally and personally. A man of strong convictions yet withal of great tenderness, winning many friendships and holding them tenaciously. He passed to his rest carrying with him the respect of the entire community.

For the faithful service and blessed influence of all these and many others, known to God and their friends, whose names are written in the Lamb's Book of Life, though they be not recorded here,—for all these we thank God to-day and pray that "light perpetual may shine upon them," and that they may "see His face and serve Him" in His nearer Presence.

DIOCESAN MISSIONS.

At present we have but two diocesan stations or circuits vacant, St. John's, Sandusky, and Christ Church, Croswell, and the Church of the Good Shepherd, Lexington. Negotiations are in progress for filling these, and students are available for summer supply. Besides these one parochial mission is unsupplied, Christ Church, Flint, but the responsibility for filling this vacancy rests upon the rector and vestry of St. Paul's Church, Flint. I am thankful to report that Christ Church, Detroit, has started a new and successful mission in Fairview, the name of the chapel being St. Columba, and the enterprise has been planned and inaugurated in a large and statesman like way. Seven city lots have been purchased, the Rev. Dr. Maxon having shouldered the financial responsibility largely by himself.

The need for additional supervision of our mission field, spoken of in last year's Episcopal address, still remains. The committee to whom this matter was referred will pre-

sent to you at this session a new missionary canon, providing for a redivision of the diocese and a reorganization of our missionary machinery. My chief interest in the matter lies in securing another competent clergyman, call him what you will, Archdeacon, Dean, General Missionary or Canon Missionary, who shall be at my disposal for the supervision of missionary work, chiefly in the southern part of the diocese, and also for the supply of parishes and stations temporarily vacant. This latter is a very important need. Many a congregation disintegrates during a long vacancy. It might be saved, if services could be regularly provided and for such work the congregation could properly and canonically be charged.

I have a plan for meeting this need which I shall set before you later in this address.

The diocesan missionary treasury shows a handsome balance. As to the expenditure of this balance I have a suggestion to make in connection with the plan just mentioned.

The following new building enterprises are under way chiefly in the Diocese in the missionary field:

Grace Church, Standish, walls and roof finished at a cost of \$2,300, all bills paid and some material accumulated. It will cost about \$1,000 more to finish and furnish the building and the minister in charge and congregation are wisely waiting to gather more funds rather than plunge into debt.

St. Paul's Church, Romeo, nearly finished and paid for as far as the work has gone.

The Church of the Advent, River Rouge, has paid its last cent of mortgage indebtedness and is ready for consecration.

St. Thomas, Detroit, has also burned its mortgage on its parish house and is entering on a campaign to erect a much needed new church.

The Mission of the Ascension, Detroit, has by much self-denying effort paid off nearly \$1,000 on its land contract and will soon proceed to erect a building on its lot, to be known as the George Swift Memorial.

St. Matthias, Detroit, is making ready to build on its new site, one of the most strategic positions in the city.

St. John's, Midland, has raised a fund of about \$2,500 for a much needed parish house.

St. Philip's Mission, Rochester, has bought a lot on the main street, paying \$485 so far, and owing \$215, which they expect to pay in July.

A very beautiful brick Gothic church has been built at Lansing for St. Paul's parish. It is expected to be finished, furnished and opened for worship by September 23d of this year. The rector, Rev. Henry J. Simpson, made the plans, executed the blue prints for all details, drew up the specifications, supervised all the construction and personally solicited and raised the money. The church stands today a fair monument to his energy, ability and devotion. According to the present outlook about \$10,000 of indebtedness will remain on the structure when it is opened in September. It seems to me that every churchman not only in the diocese, but the state of Michigan, should be interested in seeing this church adequately represented at the capital

city. It would be a fine thing if a general subscription could be made to apply to, if not to extinguish, this indebtedness.

Calvary, Saginaw, again surrenders \$50 of its missionary grant, the vestry assuming that additional amount. The parish is fast advancing towards self-support. The congregation has almost extinguished the debt on the rectory and now is planning a parish house.

For these external signs of material and, I hope, spiritual prosperity, we are all devoutly thankful.

The Sunday schools of the diocese sent me from their Advent mite boxes \$653.50, \$200 coming from one, St. Paul's, Detroit. With \$500 of this a roof was put on St. Paul's Church, Romeo, and the remaining \$153.50 enabled me to fulfil my pledge to pay the last \$300 on the debt of the Church of the Advent, River Rouge.

I have called on the subscribers of the Church Building Fund Commission of the diocese twice during the past year, once for St. Thomas', Detroit, and once for the Church of the Advent, River Rouge. The first call yielded about \$160 and the second about \$130. I call the attention of the commission to these facts and ask them to consider whether these subscriptions can be increased or whether the commission had better be dissolved and some more effective machinery substituted in its place to assist building enterprises throughout the diocese. I have been obliged to resort to different sources to meet the demands made upon me in this matter and to fulfill my pledges. The Sunday schools have helped me largely with their Advent offerings and also the Woman's Auxiliary, with a generous gift of \$435. On

the whole our diocesan missionary work is in a very good condition.

I regret deeply to be obliged to report to this convention an irreparable loss we have suffered in our Diocesan Missionary Administration. Never had any diocese a more faithful, devoted and efficient missionary treasurer than the Diocese of Michigan has had for many years past. A devout churchman, a Christian gentleman, a most capable business man, gentle and just, always speaking the truth but ever speaking it in love, more than an official who pays stipends, the trusted counsellor and beloved friend of all our missionaries. Mr. John B. Howarth has notified me that owing to expected absence from the diocese for an indefinite period, he must positively refuse election to any office. I suggest that resolutions suitable to the case be adopted by this convention.

GENERAL MISSIONS.

Turning to the field of General Missions, we find a far less satisfactory situation. Our responsibilities have steadily increased with the growth and success of our work at home and abroad. Our appointed and elected agents, the Board of Missions, have studied the field carefully and limited our expenditures to what, in their judgment, is the most necessary work, work they dared not abandon and opportunities they dared not refuse, declining many opportunities that were most pressing and promising. The Church in General Convention assembled has accepted their report and directed them to carry out the work outlined therein

and is therefore under the strongest moral obligation to support them in the task we have laid upon them.

Now how are we as a Church meeting that obligation?

The apportionment laid upon the dioceses for the year in conformity to the instructions of the General Convention was \$1,234,631.75. On March 1st, six months of the year wherein this sum was to be raised and the six months that are usually most fruitful in offerings, had passed. During that period only \$268,829 had been received, less than 25 per cent of the apportionment, and \$30,000 less than during the same period last year, while the responsibilities which the board has been compelled to assume at the direction of the Church are \$75,000 more than last year. Besides this, reserve funds have been largely exhausted and there is an accumulated deficit of about \$200,000. The situation looks like an approach to bankruptcy.

The somewhat prevailing depression in business and the consequent tightness of money are doubtless responsible in part for this situation, for a like condition prevails in the affairs of four other great missionary societies.

The largely captious criticism of the Board by a certain partisan ecclesiastical journal, a narrow-minded Broad Church organ, may have had some influence. Doubtless our Board of Managers is not infallible in judgment nor perfectly efficient in administration. I know of no organization of human beings that is. Perhaps some appropriations are unwisely made to inefficient and even hopeless work, especially in some of our settled dioceses. But the amount is very small and we have ordered its appropriation.

Perhaps some district secretaries are inefficient and have been chosen for partisan and other unworthy reasons. But they are very few and we have chosen them.

Possibly the expenses of central administration may be further pared down and the Board still exist. But the percentage of cost of administration is now far below that of most successful business organizations.

The grounds for criticism are comparatively so infinitesimal that they ought to be buried in loyalty to our paramount duty.

The real cause for the situation is plainly the failure of the Church to face and meet her plain obligations. It is a moral dereliction.

What part have we as a diocese in this moral dereliction?

I submit in answer the following figures:

Last year we paid \$13,517.27, 82½ per cent on an appropriation of \$16,399. On May 1st last year we had paid \$9,444.06 or about 60 per cent. This year on May 1st we have paid \$8,737.99, about 53 per cent.

The following parishes and missions have made contributions without being apportioned:

Carsonville, \$1; Ephphatha, Detroit, \$6.27; St. Aidans, Flint, \$2.63; Rose City, \$0.68; Pine Grove S. S., Port Huron, \$4.50; St. Andrew's S. S., Port Huron, \$4.28; Walker's Pt., St. Saviour's, \$.50; St. Andrew's, Coleman, \$9.15; All Saints, Detroit, \$3.93.

The following have paid more than their apportionment: St. John's, Au Sable; Messiah and Trinity, Detroit; St. John's, Durand; St. Paul's, Gladwin; Christ, Hagensville;

Calvary, Hillman; Grace, Long Rapids; St. John's, Midland; Good Shepherd, Onaway; Transfiguration, Pte. aux Pins; St. Paul's, Port Huron; St. John's Saginaw; St. James', Birmingham.

The following have paid their full apportionment: St. Andrew's, Algonac; St. Andrew's, Ann Arbor; St. Paul's, Bad Axe; Grace and St. John's, Bay City; Trinity, Caro; Christ Ch., Dearborn; Epiphany, Detroit; St. John's, Dryden; St. Mark's, Marine City; St. Thomas', Omer; St. Paul's, Romeo; Grace, Standish.

Those that have paid in part are: Christ Ch., Adrian; St. John's, Alma; Trinity, Alpena; Trinity, Bay City; St. James', Cheboygan; in Detroit, Christ Ch., Ascension, Mariners', Our Saviour, St. Alban's, St. Andrew's, St. Barnabas, St. George's, St. John's, St. Joseph's, St. Matthew's, St. Matthias', St. Paul's, St. Peter's, St. Stephen's; Christ Ch., East Tawas; St. Jude's, Fenton; St. Paul's and Christ, Flint; St. Mary's, Grass Lake; St. Paul's, Greenfield; St. James, Grosse Ile; St. Paul's, Jackson; St. Paul's, Lansing; Good Shepherd, Lexington; Trinity, Monroe; Grace, Mt. Clemens; All Saints, Pontiac; Grace, Port Huron; Advent, River Rouge; St. Philip's, Rochester; Calvary and St. Paul's, Saginaw; St. Paul's, St. Clair; St. John's, St. Johns; Taft and Whittemore; St. Peter's, Tecumseh; St. Thomas, Trenton; St. Stephen's, Wyandotte; St. Luke's, Ypsilanti.

The following have paid nothing: Grace, Belleville; All Saints, Brooklyn; St. Michael's, Cambridge; St. John's, Clinton; St. Mark's, St. Mary's St. Philip's, Detroit; St. James', Dexter; St. Stephen's, Hamburg; Christ Church, Henrietta; St. Peter's, Hillsdale; Trinity, Hudson; Grace,

Lapeer; St. John's, Otter Lake; Christ Church, Owosso; St. John's, Plymouth; St. John's, Sandusky; St. Mary's, Vassar; St. John's, Wayne.

I have in previous years reported to the Convention the parishes and missions which had promised to pay in full and those which would pay at least a part before September 1. I cannot do so this year because to the letter sent out in March by the Domestic and Foreign Missionary Commission of the Diocese, asking for information concerning the payment of the apportionment, less than a dozen replies were received.

The responsibility for failure of congregations to meet their obligations in this matter and the consequent failure of the diocese to meet its apportionment rests chiefly on two parties.

First on the clergy in charge of congregations. I am firmly persuaded that in most instances—there, are, of course, exceptions—but in most instances, if the clergyman really has the cause of missions at heart, if he keeps his people informed as to what noble and necessary work the Church is doing through her mission and of the obligations of his people thereto, if he endorses, encourages and forwards efficient methods like the member-to-member canvass with the duplex envelope system, and if he keeps at his job persistently, patiently, tactfully and prayerfully—if the clergyman will do this, the apportionment can be met in almost every congregation in this diocese.

The other party on whom the chief responsibility rests is the vestry. By canon of the General Convention it is now made the bounden duty of wardens and vestrymen to

see that the congregation they represent meets its apportionment. But there are wardens and vestrymen in this diocese who are not only indifferent to this paramount business of the Church of God, the work of missions, but actually hostile thereto. They block and oppose all efforts made by the rector and others to forward the cause. I would say two things in this connection.

First, to such wardens and vestrymen: You have no right to stand for an office or accept an election thereto, if you are not cordially willing to fulfill the duties attached thereto; and,

Second, to congregations electing wardens and vestrymen: Be sure your candidates are qualified for the office before you give them your suffrages. And a prime qualification for the office of either warden or vestryman is a sincere interest in missions and a hearty willingness to support the work.

The faithful women of the Auxiliary have maintained their usual good record. The figures are as follows:

Pledges and gifts.....	\$3,354.79
Value of boxes.....	1,455.49

Total	\$4,810.28

The Junior Auxiliary report is as follows:

Pledges and gifts.....	\$ 136.01
Value of boxes.....	540.49

Total	\$ 676.50

The Babies Branch has given \$10.00 to my Bishop's Fund.

I commend to the attention of the Convention, particularly of the clergy, the good work of the Girls' Friendly Society during the past year and the present excellent condition of the society. We have 26 branches of the Girls' Friendly Society in the Diocese, representing all told about a thousand women and girls as associates, members, candidates and probationers. They have raised and expended for their various forms of social, religious and missionary service, the sum of \$5,542.52, and close their books with a balance on hand. Through the Holiday House and the Rest Cottage at Pine Lake, and through the rest room at the Broadway Market, they have ministered to the needs of more working girls than any vacation home of the Girls' Friendly Society in the United States.

As usual, in every good work the women and the children are setting the pace.

Beneficiaries of the General Clergy Relief Fund credited to this Diocese have received \$750 during the past year. This year the Diocese has contributed to this fund \$962.71, leaving a balance in our favor of \$303.34. The following parishes and missions have made contributions this year to this Fund:

At the last General Convention a most efficient commission which had been at work for three years with the aid of most expert actuaries reported to the Convention a pension system for aged and infirm clergy. This system was adopted by the Convention. You will find in your seats pamphlets explaining the system. The plan will be presented to this Convention, explaining the system, with the permission of the Convention, by one of the leading actuaries of the United States, Mr. Monell Sayre, of New York, at this evening's session, in connection with the Church Club dinner. I need say, therefore, nothing more

about the pension system at this time except to commend it heartily to your most serious consideration.

The following action of the General Convention was by its resolution to be communicated to the several diocesan conventions:

Resolved, That the following change be made in the Constitution and that the proposed alteration be made known to the several dioceses in order that the same may be adopted at the next General Convention, in accordance with Article XI. of the Constitution, as follows:

Strike out Section 3 of Article 1 and insert in place thereof the following:

Section 3. Upon the expiration of the term of office of the Presiding Bishop, the General Convention shall elect the Presiding Bishop of the Church. The House of Bishops shall choose one of the Bishops having jurisdiction within the United States to be such Presiding Bishop, by a vote of a majority of all the Bishops entitled to vote in the House of Bishops, such choice to be subject to confirmation by the House of Deputies. His term and tenure of office and duties shall be prescribed by the Canons of the General Convention.

But if the Presiding Bishop shall resign his office as such or if he shall resign his episcopal jurisdiction, or if by reason of infirmity he shall become disabled, the Bishop next in seniority by consecration, having jurisdiction within the United States, shall thereupon become the Presiding Bishop until the next meeting of the General Convention.

Resolved, That the following change be made in the Constitution, etc.:

Strike out the words in the second line of Article I, Section 7 of the Constitution "on the first Wednesday in October" and insert in the place thereof the following, "on the Wednesday after the first Sunday in October," so that the section will read, as amended:

Section 7. The General Convention shall meet in every third year on the Wednesday after the first Sunday in October, unless a different day be appointed by the preceding Convention, and at the place designated by such Convention; but if there shall appear to the Presiding Bishop of the Church sufficient cause for changing the place so appointed, he may appoint another place for such meeting. Special meetings may be provided for by Canon.

Add to the second paragraph of Article IX, the words "provided, however, that the General Convention may by Canon provide for a change of the place of trial," so that the paragraph as amended shall read as follows:

Presbyters and Deacons shall be tried by a Court instituted by the Convention of the Diocese or by the Ecclesiastical Authority of the Missionary District, in which they are canonically resident; provided, however, that the General Convention may by Canon provide for a change of the place of trial.

Amend Article X by inserting in line 17 of page 13 after the words "Table of Lessons" the words "and Table of Proper Psalms on Certain Days and Table of Selections of Psalms," so that the proviso as amended shall read:

Provided, however, That the General Convention at any meeting shall have power to amend the Tables of Lessons and Table of Proper Psalms on Certain Days and Table

of Selections of Psalms by a majority of the whole number of Bishops entitled to vote in the House of Bishops, and by a majority of the Clerical and Lay Deputies of all the dioceses entitled to representation in the House of Deputies voting by orders.

The Joint Committee appointed in 1907 and continued in 1910 "to report a plan for the uniform registration of Communicants" respectfully reports that it has given the matter careful consideration and is of the opinion that the different aspects of the question are admirably covered by the report made in 1907 by a similar committee of the House of Deputies, to which they beg leave to refer. It will be found on pages 231 to 233 of the Journal for that year. We agree with all that is there said defining a "communicant" as one who has received Baptism and Confirmation, or has been formally admitted to the Holy Communion as being "ready and desirous to be confirmed." We reiterate that all such should be enrolled and kept upon the Parish Register until death, transfer or discipline removes the name.

Neglect of the privilege of receiving the Sacrament, long absence, or even departure without a letter, is not sufficient reason for erasing a name, as the person may reappear or ask for transfer after many years. His rights as a potential Communicant should be scrupulously conserved. On the other hand, parochial reports should not be padded with misleading statistics. To enumerate all these non-effective members is to exaggerate the real strength of the parish. Communicants known to have neglected for three years the reception of the Holy Communion in spite of due and suf-

efficient opportunity therefor, should not be reported for statistical purposes. But as above suggested, nothing but death, transfer or discipline, should justify the removal of a name from the register.

We recommend that this ruling be made known to diocesan authorities in order to secure the requisite uniformity.

Respectfully submitted,

FRANCIS K. BROOKE,
FREDERICK W. HARRIMAN.
ROBERT CODMAN,
GEORGE W. PEPPER.

The Provincial System was finally established. The first Provincial Synod of the Fifth Province will assemble, God willing, in St. Paul's Cathedral, Detroit, on the 14th day of October, this year. It becomes incumbent upon this convention to decide whether or not this diocese shall enter into this province as a constituent part thereof, and if a favorable decision be reached, to elect deputies to the Synod.

The Church Club of the diocese has generously offered to take charge of all details in connection with the entertainment of the Synod and the meeting of the Bishops which follows it.

The Club also entertained the last meeting of the Sunday School Convention of the Fifth Department and the General Board of Religious Education last February. For these gracious acts of hospitality we owe the Church Club our thanks. I also want to add my personal appreciation of the constant, willing and generous serviceableness of the Club to the diocese and myself throughout the past year, particularly for the wise counsel and efficient aid of the

Advisory Committee, which has helped in solving several serious problems. The Club has undertaken many responsibilities and administered them most efficiently. The last burden it has assumed is the business management of the Michigan Churchman, which was very unexpectedly thrown upon the Bishop's office. In fact when any new responsibility or difficulty comes to my office, it is almost always handed over to the Church Club and always by them cheerfully assumed and handled in a most businesslike and efficient manner.

At the last Diocesan Convention a resolution was passed by a very large majority recommending that the clergy publish the banns in all cases of intended weddings and also require of the contracting parties certificates signed by a reputable physician, stating that they were free from certain communicable diseases. I caused blank certificates in due form to be printed and notified the clergy that such certificates were to be had at the Bishop's office. About sixteen applied. So far as I can learn these are all among our 86 clergy who are conforming to the recommendation of the convention, although most of the clergy must have voted for it. Many doubtless have found practical difficulties in the way of carrying out the resolution, such as the difficulty of obtaining a medical certificate that was really of any value. More have doubted whether the thing were worth while. But most of the brave few who have adopted this course of action and carried it out have found that it at least avails in cutting down their number of marriages from one-third to six-sevenths. This decrease resulted generally from refusal to submit to the requirement or unwillingness to apply

to our clergy because it was known that such requirement would be made. But sometimes couples are rejected because one or the other of the parties fails to pass the examination. It is evidently a self-denying ordinance on the part of the clergy. One rector who had received one hundred dollars from marriages last year has had no wedding fees since he adopted the requirement of a health certificate. In every instance the hasty marriage of transients has been cut off. To be sure all these refused couples have gone elsewhere and been married by magistrates or by ministers of other bodies. But at least the Church has kept her hands clean of the dirty business and has lifted a standard in these communities. The experience of the clergy who have tried the plan proves that it has some efficiency. I earnestly wish that all the clergy could see their way clear to adopt it. And I must strenuously deprecate any action on the part of this or any subsequent convention which could be construed as lowering the standard we have set or taking a step backward.

I come in conclusion to a most serious subject which I wish to lay before the convention and to recommend its commitment to the Committee on the State of the Church, for their careful study during the ensuing year and with the request that they make a report of their findings and recommendations to the next diocesan convention.

Certain facts as to the comparative statistics of our communion in the city of Detroit for the past twenty years have come to my knowledge. The results are sufficiently arresting to the attention to demand most serious consideration, and they are available for the study of a responsible

committee. I make no recommendations to the committee in connection with this study. I simply ask them to give their most careful consideration to the problem involved. I would put certain particular questions before them.

Is this Church doing her full share in the Christianizing of this city? And if not, why not, and how may she do it?

One particular consideration I would press upon them. No excuse is more commonly given for our failure to get our fair share of the growing population of the city than the statement, "O but you know, this additional population is so largely foreign." Every now and then the representatives of a parish or mission declare "we must move to a new site because of the influx of foreigners into our district." Think what these statements imply. Are we only a sect adapted exclusively to people of a certain class, nationality or tongue? Or are we, according to our boast, a branch of the Holy Catholic Church? The Methodists, Baptists, Presbyterians and Congregationalists all maintain successful work among foreign-speaking peoples in Detroit. We alone have no foreign work of any description. Are we less catholic and less adaptable than our Protestant brethren? Have we not our due proportion of responsibility in the assimilation and Christianizing of the immigrants who often lie like an undigested mass in the midst of our national civilization and our civic life? We send our missionaries to far lands. Have we no duty when Providence brings these dwellers in far lands into our very midst? They are by no means all already Christianized, or Churched. And to some of them our form of Christianity

appeals much more naturally and strongly than that of the Protestant communions about us.

For instance, it is a notorious fact that the Italians both in their native land and here have largely drifted out of any allegiance to the Church of Rome, although Rome, after her customary method of making statistics, counts them all as adherents. It is said on good authority that very large numbers, perhaps a majority, of Italian men both in Italy and in this country never go to church and many are hostile to the Church of Rome. They are for the most part without any positive church connection or even religious influence. And the natural consequences are to be seen in the frequent lawlessness, crimes and outrages that are rife among them. The Presbyterians are maintaining a limited but successful work among them in the form of a social settlement, Sunday school and religious worship and preaching. But one of their own prominent representatives, not from Detroit, said to me, "You are the people who ought to be doing Christian work among these people. Our form of worship does not appeal to them. Your ritual, liturgy, Christian year and indeed your whole system are more natural and appealing to their temperament and traditions."

Then there are the Armenians and other representatives of the Ancient Eastern churches, largely unshepherded in our midst, whom we, better than any others might serve. I recommend that the committee study carefully our duty and opportunity in this field. And in order to that end I would urge them to consult with the Interdenominational Committee of Comity, Rev. Dr. Jaquess, chairman, who

have made a careful study of the distribution and conditions of the foreign-born population of Detroit and also of the religious work being done among them.

I also recommend that this committee extend their investigations into the comparative statistics of the Church throughout the diocese outside of Detroit, during the past twenty years. When a competent committee has made this investigation thoroughly, digested the facts and made their recommendations, we shall have something to consider and act upon. I have no further comment or recommendation to make in the premises until such a report is rendered.

But there is one matter suggested in this connection and which has repeatedly been brought to the attention of the convention which I bring before you with a recommendation for a certain immediate action. It is well known that while our communion has made a considerable advance in number of communicants during the past twenty years, though not even then keeping pace with the growth of population,—in its Sunday schools it has actually gone backward. We have fewer children attending our Sunday schools and fewer teachers and officers than we had twenty years ago.

This is a startling and an ominous fact, particularly at this present critical moment when a heavier weight of responsibility is being laid upon the Sunday school than ever before. We all know that there is a common neglect of religious training and spiritual nurture in the modern home, even the homes of Christians and Church folk. We all know that there is and can be at present little or no distinctly religious education in our system of public education. The whole burden rests upon the Sunday school. And

what can be expected of the Sunday school, with its half-hour once a week, its inefficient methods, its teaching force, composed of amiable, willing and faithful workers, but for the most part untrained and inexperienced, (if according to a trustworthy authority, there is only 15 per cent of efficiency developed among public school teachers, what, pray, is the percentage of efficiency among Sunday school teachers?). Add to all this the fact of diminishing numbers both of scholars and teachers and you see the proportions and significance of the situation.

The time is ripe for action. The facts I have recited surely indicate this in this diocese and the same conditions doubtless prevail elsewhere.

But not only the pressure of peril and need drives us toward some action but also the opening of opportunity beckons us to it. There has been a steadily growing rapprochement between the forces of religion and the forces of education for the past twenty or thirty years. Both are today setting their faces toward a common purpose and end. Twenty or thirty years ago education was interpreted almost wholly in terms of merely intellectual culture, mental discipline and informational instruction. Then came the era of vocational training, technical education, which fitted the pupil for his calling in life, his trade or profession. But lately our educational courses and methods are being more and more directed towards social service, the fitting of the coming man or woman to citizenship and his or her place in the order of society, and also they are being more directed towards the formation of character. Both these, character

and service, are distinctly religious ends. Nay, indeed, they are the very essentials of practical religion.

Twenty or thirty years ago popular religion made its appeal chiefly to the emotions by spasmodic, sensational and conventional methods. Today it is turning its face more and more in the direction toward which education is looking, namely towards social service and the formation of character by the training of the will.

Twenty years ago our Sunday schools felt the new impulse. We all went to work to grade our schools, study child-psychology, the point of contact, etc. We adopted graded text books, schemes of graduation, etc., formed Sunday school institutes, appointed Sunday school commissions, instituted teachers' meetings and teachers' training classes. All well and good. But there we stopped. The Sunday school today is just where the public schools were twenty years ago, while the public schools have gone on. We are content with informing the intellect with religious knowledge, teaching the contents of the Bible, the gospel story, the history and contents of the epistles, church history and the like. For the most part we do not really give religious nurture. We do not seek to make a distinct religious impression, to train the will or orientate the child toward a life of service either in the church or the community or the world at large. Here and there we are doing it in mission study classes and social service classes, but not generally. What we need to do is to bring our Sunday schools up to date, put them abreast of public education both in efficiency of method and in the direction and distinctness of our objective and aim.

The National Religious Education Association has done a most far-reaching and efficient work in this mutual approach of religion and education towards each other. It has stimulated and directed the movement largely both among the schools and colleges on the one side and among the churches on the other.

One result has been the formation of commissions on religious education in the various communions. Among these commissions is our own General Board of Religious Education. It has for its field the oversight, stimulation and direction of religious education within the influence of our own communion :

1. In the home.
2. In the Sunday school.
3. In the public schools and in private schools.
4. In colleges and universities.
5. In theological seminaries.

The board is doing a great and much-needed service. It appeals to the church at large for adequate support. The allotment to this diocese for that support is \$409. I hope that it will be promptly voted at this convention.

But I have a special recommendation to make. Would it not be well and advisable for us as a diocese to do away with our present Sunday School Commission with its limited field and somewhat conventional organization and appoint in its stead a diocesan Board of Religious Education, giving that board the same scope and field in this diocese which the General Board has in the church at large? And then see to it that that board is composed, as far as possible, of experts in the educational field, both men and

women? It may be necessary to make up its membership largely of the laity, for the clergy have not had the time nor the training to become experts in this field. But surely among the ranks of our public school teachers and supervisors and in the faculties of our university, normal schools and other educational institutions, we have devout and earnest Churchmen who are at the same time experts in the field of education. Such men could do a service of quite incalculable value on such a board as this. They could study the opportunities and ways of introducing religious education into our Christian homes; they could develop the organization and methods of the Sunday school and bring them up towards the level of our system of public education; they could investigate the possibilities of co-operation with the public schools in this matter (if for instance the Gary system of offering certain hours of the public schools' time for religious training should be adopted anywhere in Michigan, have we in any of our parishes or communities trained teachers who could do the work; I mean work of the same grade of efficiency as that of the public schools in secular subjects?) They could foster and co-operate with the efforts now being made to introduce at least voluntary courses of religious education in our state university. The field is quite unlimited. The General Board of Religious Education is ready to furnish a model canon for the formation of such a diocesan board as I have suggested.

And I should also recommend that we employ a salaried secretary for that board, a clergyman trained and competent for the work, who should act as the executive officer of the board. He ought to visit, if possible, every Sunday

school in the diocese, with the direction of the board behind him; consult and advise with the rector and officers thereof. And doubtless gradually other opportunities would open to him in connection with our public schools and even perhaps our university. In the meanwhile, schools and even perhaps our university. In the meanwhile, until his developing work should absorb all his time, I could employ him also in the supervision of our missionary field, and the supply of vacancies, he carrying on his educational work also in that connection.

Of course the immediate question is the question of ways and means. Such a man ought to have a salary of at least \$2,500 and traveling expenses. Where is the money to come from? I have an answer to suggest to that question. Our diocesan missionary treasury reports a balance of between \$1,500 and \$2,000. It has reported a handsome balance each year for several years past. Could not \$1,200 or \$1,500 of this balance be devoted to this purpose? What better missionary work is there? There is an income of about \$300 from invested funds at the Bishop's disposal. I should be glad to contribute that. The balance of from \$700 to \$1,000 would have to be raised either from increasing our diocesan missionary allotments or in such way as the convention in its wisdom thinks best. It would not be a heavy burden on any congregation when spread over the whole diocese. And traveling expenses might reasonably be expected from offerings in the places visited. A charge could also be made, as provided by canon, against vacant parishes served. I earnestly commend these suggestions to the serious consideration of the convention.

Meanwhile I would commend this most vital and critical subject of religious education to every member of this Church in this diocese.

To the clergy I would say: Are you realizing that your Sunday school is today the most critical and vital concern in the life of your Church and in the future of religion in your community? Are you giving that Sunday school your most careful study and your best efforts? Or do you regard it only as an inconsequential appendage to your parish and turn it all over to any willing but perhaps inefficient layman who will take the burden off your shoulders?

To the vestries I would say: Do you know anything about the Sunday school in your parish? Do you take any real interest in it? Are you providing in your budget for the liberal maintenance and development of this Church School of Religious Education?

To the laity in general I would say: Is there any better field for consecrated and telling religious service than this field of religious education? Particularly to the men I would say: Is there any man's job more of a man's size than this job of giving religious training and nurture to the boys of the Church? Especially if you have any skill or training or experience in the educational field, there is no better or more effective place for its bestowal to the glory of God and the service of the community than right here.

And above all to parents I would say: Are you content only to feed and clothe your children and give them a good time at home and then turn over all their mental development to a public school about which you perhaps know next to nothing and their religious training and spiritual nurture

to a chance half-hour once a week in a Sunday school about which you know less? Are you following and supplementing the training both of the day school and the Sunday school with careful nurture at home? If you are not, you are not worthy of that highest of all privileges, the privilege of having a child.

The facts I have recited, brethren, are indeed serious. They present difficulties and problems. But difficulties and problems are not reasons for discouragement. They are challenges to action. I am confident that there is wisdom, skill, and devotion enough among the Churchmen of this diocese, if sufficiently aroused and efficiently directed, to grapple successfully with the problems I have indicated, if not to bring them to a complete solution.

Confirmed persons in 56 places, 601, of whom 399 are elsewhere reported.

Communicating in 3 years, 307, of which 249 are elsewhere reported.

The number of communicants which I report each year grows less because a large number of my former missions are now in charge of resident or regular clergy. The statistics are simply re-

ported under the heads of other missions or parishes. I have kept steadily at work throughout the year holding services every Sunday and usually on week days. We now have a little church at Rose City which fills an urgent need. We hope soon to build at Port Austin, Carsonville, and Pinconning, which latter mission is under the faithful care of Dr. Nimmo. The people at Gladwin expect to enlarge their church. The churches at Standish and Romeo are nearing completion. I have visited two new places, Armada and Richmond. I am opening new work at Au Gres, where there is a demand for our services. I have prepared 8 classes for confirmation. We have 16 new churches built or purchased since my work began nearly 15 years ago. I feel that my work has scarcely begun. There are many new fields to occupy and develop. Much of my time has been spent in our vacant parishes and missions.

Your Missionary has continued his work uninterruptedly throughout the year with the exception of five weeks which had to be suspended owing to a surgical operation (from November 8 to December 14). Thanks to God he has recovered fully, and is able to continue his labors.

We continue to enjoy the hospitality of the various parishes, by permission of the Rectors and the Vestries, who so kindly give us the use of their churches or chapels for our services and their rooms for our socials and other meetings. We feel this generosity very deeply, for our work among the deaf would be impossible but for this provision. Therefore the deaf owe the Rectors and Vestries a large debt of gratitude.

I desire to express my hearty thanks to you for fatherly advice and interest, and to your Diocesan Board of Missions for confidence and support.

All of which is respectfully submitted.

Your obedient servant,

B. R. ALLABOUGH,
General Missionary.

Woman's Auxiliary ^{TO THE} Board of Missions

MICHIGAN BRANCH

The thirty-fifth annual meeting of the Michigan Branch of the Woman's Auxiliary was held in St. Paul's Cathedral Church House May 4th and 5th, 1914.

The afternoon of Monday, May 4th, was given up wholly to business, reports of Treasurers, Vice-Presidents, Correspondent Church Periodical Club, Standing and Special Committees were reported.

A general reception was given by the Diocesan Officers Monday evening, at which Dean and Mrs. Marquis, Dean and Mrs. McCarroll, Mrs. Charles D. Williams and Mrs. Frederic B. Stevens received.

Tuesday's session opened with a Corporate Communion Service at 9 a. m. in the Cathedral; Dean Marquis, Celebrant, assisted by Dean McCarroll. Immediately following this service the Auxiliary assembled in the Church House. The meeting began with the reading of the Foreign Treasurer's Annual Report. Each Treasurer then spoke of the pressing needs in their respective departments, asked prayers and co-operation of the Auxiliary to extend Christ's Kingdom upon earth by transmitting what God gave us to other men.

Speakers at the afternoon session were Bishop Charles D. Williams, Mrs. Justin E. Emerson and Dr. William S. Sayres, General Missionary.

For the first time in the history of the Woman's Auxiliary since its organization, Owosso Branch was not represented by its loyal delegate, Miss Eliza M. Thomas. Today her name is enrolled in the Church Militant:

"Enough if Thou at last
The word of blessing give,
And let us rest beneath Thy feet,
Where saints and angels live."

To awaken missionary interest, the Board of Missions placed the Teusler Fund to enlarge St. Luke's International Hospital, Tokyo, Japan. Under the head of Authorized Specials, Mrs. William H. Wells (appointed Custodian for Michigan) reports one thousand one hundred and six dollars (\$1,106) contributed, which has been acknowledged by the Treasurer of the Board.

During the year just closed Recording Secretary pro tem. reported one Corporate Communion, St. Matthew's Day, September 21st, 1913; a miniature Triennial United Offering Service, one "Quiet Morning," nine Executive Committee meetings, eight regular monthly meetings and four special meetings.

Special meetings were addressed by Miss Leila S. Bull, Osaka, Japan; Arch Deacon Stuck, Alaska; Mr. John A. Ely, Shanghai, and Deaconess Goodwin, Special Student Secretary, Church Missions House, New York.

Michigan's share in the United Thank Offering, presented October 9th, 1913, in the Cathedral of St. John the Divine, New York City, was four thousand one hundred and twelve dollars and thirty-nine cents (\$4,112.39). This splendid showing, largely due to the faithful, devoted efforts of its able Treasurer, Miss Bertha E. Lloyd, is most gratefully appreciated by every member of the Woman's Auxiliary in the Diocese.

Respectfully submitted,

JEAN E. HUTCHINGS,
Recording Secretary Pro Tem.

ANNUAL REPORT OF THE G. F. S. IN MICHIGAN.

The annual festival service was held in St. Peter's Church, May 15th, at 7:45 p. m., the preacher being Rev. Wm. H. Poole of Jackson. There were 18 out of 23 branches represented, and there were about 200 present. After the service the branch at St. Peter's, assisted by the Church Guild, served refreshments, and a social hour was enjoyed.

Saturday, May 16th, at 9:30, the annual corporate communion for the associates was celebrated, Rev. W. F. Faber being celebrant, which was followed by the Diocesan Council meeting.

The Society numbers in Michigan, 1,053. One new branch has been organized at St. Columba Mission, under the care of Rev. W. D. Maxon, and a branch is on probation at W. Saginaw, under the care of Rev. Emil Montanus.

There has been an increased interest in literature and "Leora Doone" was the book studied this year.

Many branches have been interested in dramatics. The parochial expenses have been provided for in this way, and very creditable have been the results. The other classes were in sewing, gymnastics, basketry, crocheting, etc.

During Lent, Rev. W. F. Faber conducted a Bible class for associates. Six lectures were given on "The Methods of Christ." These were very well attended.

Miss Sibley conducted a training class for associates for seven mornings during February and March.

Four associates' conferences were held at the homes of the Council, at which matters of interest to the Society were discussed.

One member's conference was held at the St. John's Parish House November 21st, 1913.

The topic for discussion was "Means of keeping in touch with the local branches." Miss Elizabeth Williams, the literature associate, had the program in charge.

The step forward in the opening of the Alexandrine Rest Rooms has been of special interest in forwarding the social service work of the Society and providing a central office. This has been made possible by a generous gift from Miss Kate Sibley in memory of her sister.

During seven months there has been an attendance of 1,642 on week days, 358 at the Sunday afternoon teas, and it has provided a place for 805 lunches to be served. All the executive committee meetings, special council meetings, the Bible classes, and training classes are held here, as well as two branches meeting here regularly. Miss E. T. Green, the Extension Secretary, has helped to make this a very enjoyable center for the branches.

Holiday House will open June 27, and Rest Cottage June 20. The latter has been remodeled and now can accommodate twelve girls instead of eight. This is the gift of the donor of the cottage, Mrs. Adlington Newman.

The Senior Members' Club have given \$70 toward furnishing the launch, which will be ready at the opening of the home.

The following minute was adopted and a copy sent to the sister of the Rev. Wm. H. Gardam and the Vestry of St. Luke's Church, Ypsilanti:

"The members of the Standing Committee have heard with sorrow and regret of the death of Dr. William Hothersall Gardam, for sixteen years a member of the Committee, for six years its Secretary, and since 1910 its President.

He died at Atlantic City, New Jersey, October 1st, 1914, and was buried at Ypsilanti, Michigan, Oct. 5th.

In the death of Dr. Gardam the Standing Committee has lost an efficient officer, the Diocese one of its ablest clergymen, and the Parish of St. Luke's, Ypsilanti, a devoted rector and pastor.

We, of the Committee, would record our appreciation of his capable and efficient discharge of duties as President, and our grateful regard for his character as a Christian gentleman; of sound and broad learning, large sympathies, and gracious personality, he commanded our respect, admiration, and affection."

All of which is respectfully submitted.

W. WARNE WILSON, Secretary.

The report of the Treasurer of the Convention was read and referred to the proper committee. The following resolutions offered by the Treasurer were adopted:

Resolved, That the sum to be raised for Diocesan expenses for the year ending April 30, 1916, be fixed at the amount shown on the list prepared by the Treasurer—\$6,127.50.

Resolved, That twenty per cent of the assessments received be paid by the Treasurer to the Church Club of the Diocese, to relieve the Club from carrying the full burden of providing Episcopal Rooms and Bishop's Secretary.

Resolved, That should the Treasurer find, on closing his books May 1, 1916, that his balance of cash on hand exceeds one thousand dollars (\$1,000.00), he be instructed to pay to the Trustees of the Diocese the amount of one thousand dollars (\$1,000.00), to be credited to the Episcopal Fund.

Resolved, That the Treasurer of the Diocese be instructed to pay \$200.00 for Secretary, \$50.00 for Assistant Secretary, \$50.00 for additional expenses of Secretary, \$10.00 for pages, \$10.00 for Sexton of Church, and the usual salary of the Registrar.

Although no instruction was given by the Convention of 1914 to the Diocesan Treasurer to pay the Diocesan apportionment to the General Board of Religious Education, \$404.00, such remittance was made by the Treasurer with the approval of the Bishop of the Diocese.

Resolved, Therefore, that the action of the Treasurer receive the approval of this Convention.

**Report of the Committee on the Accounts of the Treasurer of
the Convention.**

Your Committee begs leave to report that the accounts of Wm. T. DeGraff, Treasurer, viz.: With the Diocese of Michigan, Standing Retiring Allowance Fund, the Aged and Infirm Clergy Fund, and Aged and Infirm Clergy Fund, Special Account, together with the vouchers pertaining thereto have been examined and were found to be correct and in order.

Balances in the various funds were certified to as being on hand by the banks with which they were deposited.

CHARLES L. RAMSAY,
F. A. ALDRICH,
R. C. HARGREAVES,
Committee.

The hour for the report of the Pension Fund Committee having arrived, the report was presented and the resolutions contained therein were adopted. In order to give the required time for the presenting and discussion of this report, the special orders of the day for 3:30 and 4:30 p. m. were postponed indefinitely.

Report of the Committee on the Church Pension Fund.

The Committee on the Church Pension Fund appointed at the last Convention to take into consideration the relation that the Diocese of Michigan should bear to the Church Pension Fund, and report at this Convention, begs leave to report as follows:

1. The Church Pension Fund as approved by the General Convention at its last meeting proposes to give the following annuities and benefits:

(A) An annuity, upon retirement at 68, of one and one-quarter of one per cent. of the average stipend multiplied by the number of years of service, with a minimum annuity of \$600. For continuous service from 28 to 68 this will mean half of the average stipend.

(B) A disability benefit to those disabled before the age of 68 equal to forty per cent. of the average stipend for the last five

years, to last during the continuance of the disability and to be not less than \$600.

(C) An annuity to the widow of a clergyman dying in active service or after retirement equal to one-half that the husband would have been entitled to during their marriage with a minimum of \$300 a year, provided that the marriage took place before the husband's retirement.

(D) Annuities for minor orphans of a clergyman graduated according to age: \$100 for each child under seven; \$200 for each child between seven and fourteen; \$300 for each dependent minor over fourteen, provided that the combined annuities to widow and orphans shall not exceed the annuity that the husband would have been entitled to. The Trustees of the Church Pension Fund hope that they will not have to insist upon this point.

2. The plan proposed approved by the General Convention in 1913 and approved by our own Convention in 1914, is the first attempt to put the Pensions of the clergy upon a sound financial basis, and while it will take forty years to bring the plan into full operation, it nevertheless gives to the clergy of the Church during all that time the assurance of better provision for the future than now and puts every clergyman upon an equal plane without regard to his Diocesan Canonical residence.

3. The cost of the annuities and benefits is placed upon the source from which the stipend or any part of it is paid, Diocese, Missionary Board, Parish, Mission, the total cost to the Diocese being approximately \$7,437.00 per annum. Deducting from that amount the income available from the Aged and Infirm Clergy Fund now invested, \$2,204.00, leaves the net sum of \$5,233.00 to be raised from the sources mentioned above. The sum due from each source has been compiled and furnished to such source in the circular letter requesting action concerning the same.

Inasmuch as the proposed plan presents the only valid assurance of any adequate provision for death, disability, or old age, your Committee presents the following resolutions and recommends their adoption:

Resolved, That the Diocese of Michigan enter the Church Pension Fund and become a part thereof, if the necessary number of Dioceses concur.

Resolved, That the Treasurer, Board of Missions and any other agency of the Diocese paying any part of the stipends of the Bishop and clergy be and are hereby directed to pay the sums required by the Church Pension Fund, when said fund is legally established.

Resolved, That the Trustees of the Diocese be and are hereby instructed to pay the annual income of all Funds held by them for the Aged and Infirm Clergy Fund, to the Church Pension Fund, when said Fund is legally established.

Resolved, That the Committee on Canons be and is hereby instructed to present to this Convention a Canon and such changes in Canons as shall be necessary to make these resolutions effective.

W. WARNE WILSON,
JOHN MUNDAY,
HENRY P. COPE,
D. P. SULLIVAN,
Committee.

The special order of the day for 3:30 p. m., the receipt of Church Club communications, was taken up. The report of the special committee of the Church Club in regard to the General Convention of 1919 was accepted and the resolution contained therein adopted.

Report of Special Committee of the Church Club on the General Convention, 1919.

To the Eighty-Second Annual Convention of the Diocese of Michigan:

The Board of Governors of the Church Club have discussed to a considerable extent the possibility and feasibility of securing for this Diocese (to be held in the City of Detroit) the Triennial Convention of the Protestant Episcopal Church in 1919. To that end it appointed early in this year a committee to study the question, ascertain the financial cost of such an undertaking, as well as the amount of work involved in its preparation. From the information which the Committee has obtained, it would seem to them that something between twelve and fifteen thousand dollars would be

needed to adequately entertain the General Convention. There would be as well the question of whether or not a suitable place for entertaining the Convention could be secured, in addition to the large amount of work which the preparation for a three weeks' session would entail.

On February 23rd this Committee presented the question with the result of its study to the general membership of the Club, which unanimously adopted the following resolution:

Resolved, That the Church Club of the Diocese of Michigan is favorably inclined towards the idea of endeavoring to bring the Triennial Convention of the Protestant Episcopal Church of America to the City of Detroit in 1919, and that

It respectfully requests the Convention of the Diocese of Michigan to appoint a committee to consult with the Committee of the Board of Governors regarding such action, for the purpose of submitting the question to the Annual Convention of 1916 for final action at that time.

We would respectfully bring to the attention of this Convention the fact that the appointment of such committee would not finally commit the Convention and the Diocese at this time to the proposed undertaking. The desire of the Board of Governors is simply that the Committee of Convention and the Committee of the Church Club, co-operating, may ascertain the mind of the individual parishes and missions of the Diocese and also of the individual churchmen throughout the Diocese in regard to holding the Convention in Detroit in 1919, to secure some idea as to whether or not the amount of money necessary to such an undertaking can be raised, etc.

In order to bring this matter properly before the Convention we offer the following resolution:

Resolved, That this Convention accept and adopt the suggestion of the Church Club of the Diocese of Michigan and request the Chair to appoint a committee consisting of two clergymen and one layman to co-operate with the Committee of the Church Club and report to the Convention in 1916.

The Bishop appointed as the special committee asked for in the above resolution Rev. W. D. Maxon, D. D., Rev. Henry Tatlock, D. D., and Mr. W. S. Fish, of Saginaw.

Rev. Dr. Marquis presented on behalf of the Club its plan for parish institutes and appealed to the clerical members of the Convention for their co-operation in this proposed new work.

The question of adopting a uniform system of parish accounts, presented by a special committee of the Church Club, was referred to a special committee consisting of Mr. D. P. Sullivan of Detroit, Mr. F. E. Beard of Port Huron, and Mr. M. F. Cottrell of Jackson.

The hour of 5 p. m. having arrived, adjournment of the Convention was postponed indefinitely.

The special order of the day for 4:30 p. m. was taken up and the following nominations were made:

For Treasurer of the Convention—Mr. W. T. DeGraff
For Registrar of the Diocese—Rev. Paul Ziegler.

For Standing Committee of the Diocese—Rev. W. Warne Wilson, Rev. W. D. Maxon, D. D., Rev. Henry Tatlock, D. D., Rev. S. S. Marquis, D. D., Mr. George Hargreaves, Prof. George W. Patterson, Mr. Sidney T. Miller.

Jermin, Rev. J. B. Pengelly, Rev. W. H. Poole, Mr. James Cosslett Smith, Mr. Dudley W. Smith, Mr. D. P. Sullivan, Mr. L. S. Trowbridge, Mr. Samuel Post, Dr. Mortimer Willson, Mr. F. A. Aldrich and Mr. H. R. Browne.

Committee on Nomination of the Missionary Committee presented the following names: Mr. D. P. Sullivan, Mr. F. J. Weber, Mr. R. McClelland Brady and Mr. C. A. Lightner of Detroit, Dr. Mortimer Willson of Port Huron.

Mr. Henry W. Douglas of Ann Arbor, Mr. W. W. Clarke of Jackson. On motion, the report of the committee was adopted and the above named gentlemen declared elected.

On motion, the Rules of Order were suspended and the report of the Missionary Committee was postponed until Thursday morning.

The report of the Special Committee on Church Architecture was accepted and the Canon accompanying the report was referred to the Committee on Canons.

Report of the Committee on Church Architecture.

To the Eighty-Second Annual Convention:

The Committee appointed by the Bishop at the last Convention, to consider the matter of establishing a Church Architecture Commission in the Diocese of Michigan, begs leave to submit the following report:

The matter of a Church Architecture Commission was first brought up in the American Church in the Diocese of Newark in 1906. The following year they adopted the canon establishing such a Commission which has been in successful operation ever since. Since that time Commissions have been created in the Dioceses of Pennsylvania, New Jersey, Bethlehem, Maine, Los Angeles, and Oregon, while similar canons are this year being presented to the conventions of New York and Michigan with several other states.

May we explain briefly that there are two general functions of a Church Architecture Commission. The first is to control, so far as possible, the architectural fitness of church buildings erected in the Diocese. The second is to provide experienced counsel and advice as to constructional details such as costs, materials and workmanship.

There is no necessity to prove the value of controlling the architectural fitness of church buildings erected in the Diocese. In the first place, the floor plans of buildings, the manner of laying them out, should be done under the guidance of those who can advise as to the most churchly plans to follow, the most convenient arrangements for the use of the Episcopal Church. Very few of

our church buildings in Michigan are without some blunders of planning (which could have been prevented by such a Commission as we propose), such as poor use of the available space, and large areas of wasted space.

Again in the style of architecture used, and in the proper or improper use of it, there is another large field for such a Commission. The usual style for Church buildings is "Gothic," and it is most fitting. Gothic Architecture, and especially English Gothic, is the result of one of those rare events in human history, which is as mysterious and wonderful as the touch of the Holy Spirit. For twice in recorded history, and once before it began, a nation of artisans suddenly became a race of consummate artists. Every common stone cutter was able to work miracles in stone; the sort of work, like the work of every genius, which baffles imitation or reproduction. Just as suddenly they lost their gifts and their almost superhuman artistry, and became again mere mechanics. And we have been mere mechanics since their time, and the best we can do is to follow their examples. It is mere folly for us today to attempt to develop a style of architecture of our own, for our genius does not lie in this direction. Here then is a great work for a Church Architecture Commission. For we know nothing of Gothic art. Any school house or railroad station slanders Gothic art by using its name, if it only has pointed arches over its windows! Even churches with some pretensions to "Gothic" will contain features taken from every period of Gothic work, and you can probably find in it some Romanesque or Spanish Mission features too. With the exception of a few very expensive buildings, we have practically no examples of Gothic architecture in our American cities. It is no wonder that our laymen are entirely innocent in the matter, while the clergy will call a building pretty or ugly according to whether or not the brick work or the painting please the eye. The worst offenders are the architects. Nine out of ten of them have never made any study of Gothic architecture. They have made most of their living by designing dwelling houses, store fronts and an occasional school house. In designing a church, they think first of seating capacity, next of cost and then of creature comforts. If there is any money left when these are attended to they will then add a little architecture in the form of trimmings. The great sin of

architects is in thinking that architecture and beauty are of secondary importance. They must learn, and a Church Architecture Commission will help them learn, that it is not necessary to sacrifice beauty to utility. They can both be put in the same building. You need not spend more money on a beautiful building than on an ugly one. The reason why one is ugly and the other beautiful is that in one the money is well spent and in the other it is mis-spent. It is not simply the buildings which cost upwards of \$50,000 which can be beautiful. A simple and beautiful building may be built for just as small a sum as is required for a monstrosity, and the latter may cost more in the end. Our little country chapels may be conspicuous for their beauty, if we provide safeguards against poor architecture. We of the Episcopal Church have a responsibility in this matter. If we raise our standards, our brothers of other Churches will be taught to do likewise. A Commission such as we suggest, will do much in this direction.

The other task of the Commission is to give council and advice in matters of construction. Many of our Parishes and Missions are today apologizing and explaining because their Church buildings were poorly constructed. They are also spending money, and ought to spend more, in repairing the damages done by time to poor materials and workmanship. There are so many ways such wastes may creep in. Often vestries and committees are not made up of men having any practical experience in building and are not competent to give intelligent attention to the work, even if they have the time to do it. Losses may be incurred by dishonest architects and contractors, carelessly drawn plans and loosely written specifications, if there are any specifications at all, haphazard estimates, by wasted space and by cutting costs in wrong places, by the use of poor materials at high prices, and by a whole brood of tricks the experienced contractor is too often familiar with, by which the cost to him may be reduced. Now the Commission would be, of course, unable to stop all these losses, but it could save hundreds and perhaps thousands of dollars on each building, by inspection of sketches, plans, estimates and specifications. The need for experienced council and advice in these matters is manifestly very great. In the case of Missions receiving help from the Diocese the Commission could absolutely control the situation, but in the case of independent parishes it should act in an advisory capacity only. It could well

become so useful, however, that Parishes would be only too glad to look to it for help and council.

We believe, therefore, that a Church Architecture Commission should be established in this Diocese, and in accordance with this opinion we submit the following canon, and urge its adoption by this Convention.

Respectfully submitted,

WM. L. TORRANCE,

HENRY JEROME SIMPSON.

FIRST DAY—Evening Session.

6:30 p. m.

The Convention re-assembled in Palestine Lodge House. After dinner the Convention was called to order by the President. The President made a brief address setting forth the activities of the Church Club since its organization.

The President informed the Convention that it had neglected to make nominations for members of the Trustees of the Diocese, and on motion the following nominations were made: Rt. Rev. Charles D. Williams, D. D., Mr. James T. Whitehead, Mr. W. T. DeGraff, Dr. C. B. Burr.

Mr. Samuel Post, Mr. Dudley W. Smith, Mr. A. E. Sleeper, Mr. L. H. Paddock and Mr. C. H. Campbell.

The report of the Committee on the State of the Church was received with the hearty thanks of the Convention for the laborious and careful work which the committee had bestowed upon it.

Report of the Committee on the State of the Church.

To the Eighty-second Annual Convention of the Diocese of Michigan:

During the past year four new churches have been completed and occupied, St. Paul's Church, Lansing; Grace Church, Standish; St. Paul's Church, Romeo, and St. Mary's Church, Detroit. St. Paul's Church, Lansing, replaces an old and unsightly frame building that has been a reproach to the Church in the Capital city of our State for many years. Too much credit cannot be given to the energy and ability of the present rector, whose engineering skill and structural knowledge enabled him to draw the plans and superintend the construction of the new church. Grace Church, Standish, and St. Paul's Church, Romeo, establish the Church in towns where before there have been no buildings, and are due to the activity of the Rev. H. A. Daly in Romeo and Rev. J. H. Nimmo, M. D., at Standish.

Some months ago the church at Henrietta was burned. This but served as a challenge to the energy and devotion of the parishioners who immediately set about rebuilding. A few weeks ago the Bishop laid the corner stone of the new church, and he expects to return in June to consecrate the church. This is made possible by individuals of the congregation assuming the indebtedness and giving their personal notes to cover it.

On Easter Tuesday the Bishop consecrated the new Goulden Memorial Chapel of Grace Church, Port Huron.

All Saints Parish, Pontiac, has just completed a new brick rectory, which takes the place of the old frame structure.

Our congratulations are extended to St. Paul's parish, Flint, which celebrated the seventy-fifth anniversary of the organization of the church.

Mariners' Church, Detroit, promises to become once more the center of active and useful church work. The trustees have turned the present plant over to the Bishop as a center for social work in the city.

With 19 parishes and missions still to hear from, 1,540 baptisms have been reported. The total from all stations reported last year was 1,484.

1,120 confirmations are reported. Last year from the whole diocese 1,079 were reported.

Last year 17,576 communicants were reported. This year, with 15 parishes and missions still to hear from, 21,184 communicants are credited to the diocese.

We had 7,987 scholars in our Sunday Schools last year. This year there are reported 8,678, an increase of 691.

On the whole this year shows a marked improvement over last year.

Your Committee has done nothing more than collect and report the statistics for this year.

The parishes and missions not reporting are: Grace, Belleville; St. Paul's, Brighton; Grace, Jonesville; Trinity, Mackinac; St. John's, Port Austin; St. Paul's, St. Clair; Emmanuel, St. Louis; St. John's, Sandusky; Ephphatha, Detroit; St. Thomas', Omer; St. Andrew's, Ithaca; St. John's, Grosse Ile.

In his last annual address, the Bishop placed before the Convention certain facts regarding the Church in Detroit, with the recommendation that the matter be referred to the Committee on the State of the Church. He asked certain very direct questions.

"Is the Church doing her full share in Christianizing this city? and if not, why not? and how may she do it?"

The Bishop also suggested that this Committee extend their investigations into the comparative statistics of the Church outside of Detroit. It was a heavy task which we have tried to fulfil.

We have tabulated the vital statistics of the Diocese outside of Detroit for forty years.

With the aid of these tables and the census reports for the years 1880, 1890, 1900, 1910, covering a period of thirty years, we have computed the relative growth of population and communicants in the towns and cities outside of Detroit.

In addition we have presented certain other comparisons that seemed to us to be worthy of attention.

The Church Club of the Diocese of Michigan has done approximately the same for the city of Detroit for a period of twenty years. We are indebted to them for the study of the Church in Detroit.

Your Committee realize the imperfection of any estimate of the Church's condition based on statistics. Yet we believe the results of our study to be of sufficient importance to present to you for your consideration and action, should action be deemed necessary.

We begin with the city of Detroit.

In 1894 there were 217,876 people in Detroit. Today there are about 600,000.

In 1894 there were 6,219 communicants of the Church in Detroit. Today there are 7,376.

In these twenty years, while the city gained 382,124, more than doubling its population, the Episcopal Church gained only 1,157 communicants—less than one communicant to every 300 people in increased population.

In 1894, the Episcopal Church Sunday Schools in Detroit had an enrollment of 4,785 scholars. Today there are enrolled only 3,541 scholars—a loss of 1,244 scholars.

In 1894, there were 14 Parishes or organized Missions, and four unorganized Missions, making a total of 18 places of worship. After 20 years, and to serve double the population, it has 18 Parishes, two organized, and two unorganized Missions, a total of 22. A gain of only four.

In 1894 Detroit was the leader of its class, in having the highest percentage of communicants to the population. Today it is last. In Buffalo the percentage of increase in communicants was nearly three times that of the percentage of increase in population. In Pittsburgh the Church grew approximately twice as fast as the population. In Cincinnati more than three times as fast. In Baltimore nearly three times as fast. In Cleveland the Church grew half as fast again as the population. In Detroit the Church has failed to grow as fast as the population. Detroit has grown 175% in population in 20 years. The Church has grown only 18% in communicants. In the United States the Church has increased in communicants 74%. In Detroit only 18%.

The influx of foreign population cannot be blamed, for the Methodist Church in the same period has grown 139%; the Presbyterian Church 82%; the Baptist Church 49%; the Episcopal Church 18%.

These facts indicate a very decided deficiency in the Church's method of work. Not the least serious of these facts is the decrease in the number of scholars in the Church Sunday Schools of Detroit. It may well be that this accounts for the small gain of the Church compared with the population. It is a matter of surprise that Detroit under these conditions has gained even 18%.

Three explanations may be given for this condition:

1. Our people have no children.
2. Our people do not send their children to our own Sunday Schools.
3. Twenty years ago our Sunday Schools were more largely recruited from unattached families than today. In other words there was a more aggressive spirit then than now.

Your Committee is under the impression that all three explanations enter into the condition confronting our Sunday Schools in Detroit.

We offer no solution because it rather belongs to the Diocesan Board of Religious Education to work out.

In answer to the Bishop's first question, we believe the Church is not doing her share in Christianizing the city. It would seem that the reason is to be found in the lukewarmness and lack of aggressive action on the part of our Church people. We need greater loyalty and devotion on the part of the great body of our Church people in Detroit.

Your Committee present the following results of their study of the tabulated statistics of the Church outside of Detroit. Comparing the statistics with the census reports for the 30-year period between 1880 and 1910 we find:

In the five cities of 25,000 and over in 1910 the total increase in population was 184.4%. The increase in the number of communicants for the same cities and during the same period was 265.4%.

	Increase in Population.	Increase in Communicants.
Bay City	126%	436%
Flint	360%	113%
Jackson	90%	115%
Lansing	278%	681%
Saginaw	68%	Loss— 18%

The growth in Lansing and Bay City is noteworthy, being respectively 681% and 436%. Saginaw shows a loss of 18% in communicants, while the city has grown 68%.

In five cities of between 10,000 and 25,000, the growth in population has been 133%, and in communicants 243.4%.

	Increase in Population.	Increase in Communicants.
Adrian	39%	67%
Alpena	108%	380%
Ann Arbor	85%	306%
Pontiac	321%	209%
Port Huron	112%	255%

Only one city in this group has failed to keep pace with the growth in population. Pontiac, while increasing in population 321%, increased in communicants only 209%.

In cities of between 5,000 and 10,000 population the total average increase has been 133%. In communicants, 287.5%. Cheboygan has increased in population 240%; in communicants 1,200%. Hillsdale and Monroe, while increasing 47% and 48% respectively in population, have lost in communicants 57% and 14%.

	Increase in Population.	Increase in Communicants.
Cheboygan	240%	1200%
Hillsdale	47%	Loss— 57%
Monroe	48%	Loss— 14%
Mt. Clemens	157%	192%
Owosso	284%	190%
Wyandotte	130%	321%
Ypsilanti	24%	181%

In cities of between 1,000 and 5,000 population, either the census reports have failed to give complete returns for the 30-year period

or the statistics of the Church are incomplete for that period. This is true also of a number of cities of less than 1,000 inhabitants.

	Increase in Population.	Increase in Communicants.
Corunna	Loss 6%	Loss 10% in 30 yrs.
Hudson	Loss 4%	Gain 27% in 30 yrs.
Ithaca	Loss 5%	Gain 55% in 10 yrs.
St. Louis	Loss 5%	Gain 285% in 30 yrs.
West Branch	Loss 7%	Gain 463% in 10 yrs.
Wayne	Loss 3%	Gain 30% in 10 yrs.

These six cities show a loss in population while, with the exception of Corunna, there has been a gain in communicants. In Algonac, where the population has been stationary for ten years, the communicants have gained 317%. Birmingham has gained in population 33% in ten years, and 208% in communicants during the same period. Midland in 30 years has gained 66% in population and in communicants 258%. St. Johns in 30 years gained 14% in population and 174% in communicants.

Sandusky gained 66% in population and 350% in communicants in 10 years.

There are some striking losses: Jonesville remained stationary in population in 30 years, but lost 46% in communicants. Lapeer gained 43% in population in 30 years but lost 54% in communicants in the same period. Croswell gained 180% in population in 20 years but lost 9% in communicants. Howell gained 9% in population but lost 62% in communicants in 30 years. Tecumseh gained 15% in population and lost 21% in communicants in 30 years.

The data of the other cities of this class follows:

	Increase in Population.	Increase in Communicants.
Alma	53%	62% in 20 yrs.
Bad Axe	433%	90% in 30 yrs.
Caro	78%	166% in 30 yrs.
Clinton	8%	116% in 30 yrs.
East Tawas	110%	733% in 30 yrs.
Fenton	9%	93% in 30 yrs.
Marine City	123%	68% in 30 yrs.
Onaway	125%	262% in 10 yrs.
St. Clair	36%	82% in 30 yrs.
Trenton	300%	187% in 30 yrs.

In cities of less than 1,000 population in 1910 we find the following results of our study:

	Increase in Population.	Increase in Communicants.
Au Sable.....	Loss 100%	Loss 50%
Brighton	Loss 4%	Loss 23%
Brooklyn	Gain 28%	Gain 59%
Coleman	Gain 350%	Gain 412%
Dearborn	Gain 12%	Gain 61% in 10 yrs.
Deckerville	Gain 33%	Gain 53% in 10 yrs.
Dexter	Loss 22%	Loss 38% in 20 yrs.
Gagetown	Gain 49%	Gain 58% in 15 yrs.
Grass Lake	Gain 26%	
Grosse Ile	Gain 5%	Gain 91% in 10 yrs.
Hillman	Gain 62%	Gain 15% in 10 yrs.
Lexington	Loss 47%	Gain 23%
Mackinac Is.	Loss 27%	Gain 56%
Otter Lake	Gain 12%	Gain 237% in 20 yrs.

Only two places, Brighton and Dexter, show a loss greater in communicants than in population. Au Sable, because of local conditions known to the Committee, has lost heavily in population, but only 50% in communicants. Lexington and Mackinac Island, while losing in population, have gained in communicants.

It is apparent that with a few exceptions the Church outside of Detroit has grown faster than the population.

From our tables we find that while in most of the parishes and missions outside of Detroit the number of families have steadily increased, the number of children in our Sunday Schools has not increased proportionately. In many cases the number has decreased. For example:

In Port Huron, in 1875, 194 scholars were reported in the Sunday School of Grace Church, and 118 families identified with the Church. In 1914 there were 184 scholars and 300 families reported.

Adrian shows 143 scholars in Sunday School in 1875 and 142 families. In 1914 they reported 74 Sunday School scholars and 109 families—a loss of 50% in scholars and 30% in families.

We ask the same question we asked in regard to the Church in Detroit: Have our people ceased to have children? Do they send them to other Sunday Schools? Is our Church less aggressive than it was 40 years ago?

Two other items are of interest in regard to the life of a parish or mission. Where a Sunday School has been established and maintained regularly the parish has shown healthy and vigorous life; that is, the Baptisms and Confirmations have been regular and continuous, and while in some places the number of communicants has not increased, these parishes have sent their members into other places.

Where there has been no Sunday School the Church has languished. For example, in Vassar the Sunday School has been spasmodic; its life has been weak. The Church at Corunna, when it had a Sunday School, was vigorous and strong. When the Sunday School was given up the life of the Church languished. St. John's, Howell, during the first fourteen years of the church's existence, had a vigorous Sunday School, and the parish was vigorous. For the past 22 years there has been no Sunday School, and the Committee on the State of the Church in 1912 placed Howell in the group of weak and unpromising missions. The city gained 9% in population and lost 62% in communicants.

On the other hand, East Tawas has had a vigorous Sunday School since its organization, and the mission shows vigor and life. While the city has grown 110% the communicants have increased 733%.

Lexington has had a vigorous Sunday School. While the town has lost 47% in population the communicants have gained 23%.

It is needless to give too many examples. Your Committee concludes that the Sunday School is a strong factor in the life and vitality of parishes and missions.

Again—

The number of confirmations to communicants has, in most cases, steadily decreased. For example: In Pontiac, in the ten years from 1880 to 1889, there was one confirmation to 14 communicants; in the ten years from 1900 to 1909 there was one confirmation to 22 communicants. Confirmations depend largely on the membership of the church. The condition above mentioned indicates a growing lukewarmness and lack of zeal on the part of the Church members.

In closing this report another question of some importance presents itself to your Committee. Lexington, in three years, from 1899 to 1901 inclusive, reports 39 confirmations. Yet, in the same period, the communicants increased only 16.

Midland in six years, 1900 to 1905 inclusive, reports 80 confirmations, but an increase of only 37 communicants.

Monroe in three years, 1905 to 1907 inclusive, reports 23 confirmations, yet no increase in communicants in the same period.

Lansing in four years, 1902 to 1905, reports 101 confirmations, yet in the same period an increase of only 58 communicants.

Jackson in six years, 1909 to 1914 inclusive, reports 147 confirmations, but an actual loss in the same period of 11 communicants.

We have taken our figures at random and chosen the cities at random. We surmise that the reports for these places would show, during those years, under losses, a large number under the caption "otherwise." What has become of these losses otherwise than by death and transfer? Is there any way that such losses may be prevented?

To sum up:

1. The growth of the Church outside of Detroit, in proportion to the population, has been encouraging, being on the average faster than that of the population.
2. The Sunday School is a strong factor in the life and vitality of the parishes and missions.
3. The decrease in the number of children in our Sunday Schools in proportion to the number of families is cause for alarm.
4. Where parishes and missions have had regular services by a clergyman the life of the parish or mission has been steady.
5. There has been a great reduction in the number of confirmations compared with the number of communicants, indicating a lack of zeal and devotion on the part of the communicant members of the Church.
6. There has been an undue proportion of losses compared with the number confirmed.

It is not the work of this Committee to suggest remedies. We present our findings, such as they are, with a full realization of the weakness of statistics.

There are many other things entering into the life of a parish which statistics cannot show. But we believe the deductions we have made are, on the whole, correct.

Very respectfully submitted,

A. D. JAMIESON,
W. H. POOLE,
H. J. SIMPSON,

The report of the Diocesan Board of Religious Education was accepted and adopted.

Report of the Diocesan Board of Religious Education.

To the Eighty-second Annual Convention :

In accordance with the wishes of the Bishop for further assistance in carrying on the missionary work of the Church and for someone to further the interests of religious education in the Diocese, the Board undertook to find a man who might combine the functions of a Canon Missionary and an Educational Secretary.

After correspondence with several possibilities, the Board realized that it was not practicable to secure the proper man for the salary that was available, and it was and still is the unanimous opinion of the members of the Board that the duties of a Canon Missionary and an Educational Secretary would be too conflicting to be performed by the same person.

The chief work of the Board during the year has been the conducting of a survey of the Diocese to ascertain the general methods of instruction and management in vogue in the Sunday School.

The following results are interesting :

Ratio per child to communicant for any parish—

Parishes with less than 100 communicants..	.97 child per com.
Parishes from 100 to 300 communicants.....	.54 child per com.
Parishes over 300 communicants.....	.37 child per com.

25 schools make no provision for training teachers.

12 schools intend to make provision.

5 schools have weekly teachers' meetings.

4 schools have monthly teachers' meetings.

8 schools have occasional teachers' meetings.

About 14 out of 48 schools replying are doing positive work in missionary teaching.

11 schools help to support the church.

37 maintain the school, in whole or in part.

36 give to missions in whole or in part.

5 give to local charities.

14 schools are supported by the Church.

27 schools are supported by school contributions.

2 schools are supported by separate contributions.

16 schools use the Duplex Envelope system.

38 schools do not use the Duplex Envelope system.

The Board believes in the employment of an Educational Secretary, who shall give his entire time to the work of introducing the best systems of instruction and management in the schools of the Diocese, provided the right man can be found and an adequate salary guaranteed.

Until such a Secretary can be employed, the Board stands ready to furnish such information regarding Sunday School problems as the various rectors and superintendents may seek.

The Board does not want to dictate any particular policy, but the members are willing to do all in their power to help raise the Sunday Schools of the Diocese of Michigan to the highest condition of efficiency.

Respectfully submitted,

Report No. 1, Committee on Canons.

The Committee on Canons, to which was referred the resolution of the Chancellor of the Diocese proposing a Canon to provide for the election of Deputies to the Provincial Synod, reports that, in its judgment, the proposed Canon is desirable, and recommends the adoption of the following resolution:

Resolved, That the following be adopted as Canon VIII, the succeeding Canons to be renumbered accordingly:

CANON VIII.

OF DEPUTIES TO THE PROVINCIAL SYNOD.

Section 1. The Diocesan Convention shall annually elect, by ballot, four Clerical Deputies, canonically resident in the Diocese, and four Lay Deputies, domiciled communicants in the Diocese, to act as Deputies from the Diocese to the Synod of the Fifth Province, called the Province of the Mid-West, until their successors are chosen. Such Diocesan Convention shall also annually choose by ballot, as Provisional Deputies, four clergymen and four laymen having the same qualifications as the other Deputies; from these the Bishop shall designate one or more to supply any deficiency or deficiencies which may occur in the representation of the Diocese. Each person so designated by the Bishop, being furnished with his certificate thereof, shall have all the rights of a Deputy duly elected. In case of a vacancy in the Episcopate, or should the Bishop be unable to act, the designation shall be made by the remaining Deputies. It shall be the duty of the Deputies-elect to

signify to the Bishop, at least three weeks before the meeting of the Synod, whether they will attend to the duties of their office.
For the Committee.

HENRY TATLOCK, Chairman.

On motion, that section of the canon on the Church Pension Fund, penalizing a parish or mission for neglecting to pay premiums due from it, was stricken out.

Report No. 2 as thus amended was accepted and the lution contained therein adopted.

Report No. 2, Committee on Canons.

The Committee on Canons, to which was referred the resolution of the Special Committee on the Church Pension Fund proposing a Canon to define and establish the relation of the Diocese of Michigan to the Church Pension Fund, begs to report that, in its judgment, the proposed Canon, with certain modifications, is desirable, and recommends the adoption of the following resolution:

Resolved, That the following be adopted as Canon XI., the succeeding Canons to be renumbered accordingly:

CANON XI OF THE CHURCH PENSION FUND.

SECTION 1. In conformity with the resolutions adopted by the General Convention of 1913, setting forth the principles upon which a pension system for the clergy of the Church and their dependents should be constructed, pursuant to which the corporation, the Church Pension Fund, has been created to carry these principles into effect, the Diocese of Michigan adopts the system of the Church Pension Fund.

SEC. 2. The Ecclesiastical Authority of the Diocese shall appoint, annually, a Committee to be entitled The Committee on the Church Pension Fund, and to consist of one clergyman and two laymen. The duties of this committee shall be as follows:

1. To furnish annually to the Church Pension Fund the canonical roll of the clergy of this Diocese, and of the clergy canonically belonging to other dioceses or missionary districts who may be licensed to officiate in this Diocese, with a statement of the stipends received by each of said clergymen from any parish, mission, or other ecclesiastical organization in this Diocese.

2. To receive from the Church Pension Fund annually a statement of the premiums necessary to be paid by each parish, mission, or other ecclesiastical organization in the Diocese, in order that the clergymen in receipt of stipends from such parishes, missions, and other ecclesiastical organizations may be entitled respectively to pensions.

3. To receive from the Trustees of the Protestant Episcopal Church for the Diocese of Michigan, or other proper persons, the annual interest accruing on the money held for investment by said Trustees, or other proper persons, on behalf of aged and infirm clergymen or of the widows and orphans of clergymen, when this Canon goes into effect, and to transmit the same to the Church Pension Fund to be applied ratably on account of the premiums necessary to be paid by the parishes, missions, and other ecclesiastical organizations in the Diocese respectively.

4. To inform the duly constituted authorities of each parish, mission, and other ecclesiastical organization in the Diocese of the premiums payable by it, and of the time and manner of payment thereof.

5. To elect a Treasurer who may or may not be a member of the said Committee, who shall be required to give a bond satisfactory to the Committee, and whose duty it shall be to receive, monthly, from all of the parishes, missions, and other ecclesiastical organizations in this Diocese, the aforesaid premiums and to transmit the same to the Treasurer of the Church Pension Fund.

6. To inform the Church Pension Fund, from time to time, of the clergy and the widows and minor orphans of clergy, canonically connected with this Diocese, who may be entitled to receive pensions from the Church Pension Fund.

7. In general, to inform the clergy and laity of the Diocese of the pension system created by the General Convention, and committed by it to the operation of the Church Pension Fund, whereby the clergy of the Church are assured of pensions, as of right, to themselves in the event of old age or disability, and to their widows and minor orphans in the event of death, and to do all things that may be necessary or advisable in the premises, to the end that the moneys necessary to be paid by the parishes, missions, and other ecclesiastical organizations may be fully and systematically paid.

SEC. 3. 1. It shall be the duty of the Trustees of the Protestant Episcopal Church for the Diocese of Michigan to provide for the annual payment to the Committee on the Church Pension Fund of the premiums payable on behalf of the Bishop of the Diocese, and also of the Coadjutor Bishop and the Bishops Suffragan, if there be such, and it shall be the duty of said Trustees to pay said annual premiums to the Committee on the Church Pension Fund.

2. It shall be the duty of the Diocesan Board of Managers and Missionary Committee to provide for the annual payment to the Committee on the Church Pension Fund of the premiums payable on behalf of all clergymen receiving stipends from said Board and Committee, and it shall be the duty of said Board and Committee to pay said annual premiums to the Committee on the Church Pension Fund.

3. It shall be the duty of the Treasurer of the Diocese to pay annually to the Committee on the Church Pension Fund the premiums payable on behalf of all other clergymen whose stipends are paid directly by the Diocese, and to make all necessary arrangements to provide for the cost of such premiums.

SEC. 4. It shall be the duty of the Trustees of the Protestant Episcopal Church for the Diocese of Michigan, or other proper persons, to pay, semi-annually, or oftener at their option, to the Committee on the Church Pension Fund, all of the income of the investments held by said Trustees, or other proper persons, on behalf of aged and infirm clergymen or of the widows and orphans of clergymen, upon the said Trustees, or other proper persons, receiving satisfactory assurance from the Church Pension Fund that the latter corporation will assume and pay all of the annuities paid by the said Trustees, or other proper persons, when this Canon goes into effect, and so long as said payments are actually made by the Church Pension Fund.

SEC. 5. It shall be the duty of every clergyman receiving a stipend or stipends, and the duty of every parish, mission, or other ecclesiastical organization in the Diocese paying a stipend or stipends, to furnish a statement of such stipend or stipends to the Committee on the Church Pension Fund whenever said Committee shall, in writing, ask for such statement.

SEC. 6. Any parish or mission neglecting for two successive years to pay the full amount of its annual premium shall be deprived

of its right to participate and vote in the proceedings of the Convention of the Diocese, according to the Canons in that case made and provided, and shall continue so deprived until the said parish or mission has paid in full the said annual premiums for two successive years, when it shall be restored to all of its canonical rights in the Convention of the Diocese.

SEC. 7. This Canon shall go into effect when the Secretary of the Convention shall receive notification from the Church Pension Fund that dioceses, missionary districts, and General Boards or other General Institutions of the Church have, by legislation, provided for entering into the pension system of the Church Pension Fund in number sufficient, in the opinion of the said Church Pension Fund, to enable its system to go into operation; *Provided*, That the number of clergy canonically connected with said co-operating dioceses or missionary districts, or whose stipends are wholly paid by said co-operating Boards or General Institutions of the Church, shall be not less than two thousand individuals; and *Provided, further*, That the Trustees of the Protestant Episcopal Church for the Diocese of Michigan, or other proper persons, are satisfied that they can properly apply the income of the funds under their control as directed herein.

SEC. 8. No vested right shall obtain under or by virtue of this Canon, and the same may be repealed or amended.

For the Committee,

HENRY TATLOCK, *Chairman*.

Report No. 3 was accepted and the resolution contained therein adopted.

Report No. 3 of the Committee on Canons.

The Committee on Canons, to which was referred the resolutions offered by the Reverend the Rector of St. Andrew's Church, Ann Arbor, proposing certain amendments to Canon XV., begs to report that, in its judgment, the proposed amendments are desirable, and recommends the adoption of the following resolutions:

Resolved, That Canon XV, Section 1, be amended by striking out the words "A Sunday School Commission, and," and inserting in place thereof the words "A Commission on Social Service;" and

that the same section be further amended by substituting a comma in place of the period after the words "A Commission on Domestic and Foreign Missions," and adding the words "and XIV. Three persons to serve as members of the Board of Religious Education."

Resolved, That Canon XV, Section 2, be amended by striking out, in the first sentence, the words "The members of the aforesaid committees and commissions," and inserting in place thereof the words "The appointees provided for in Section 1," so that the sentence shall read as follows: "The appointees provided for in Section 1 shall hold office from the close of the Convention at which they were appointed until the close of the following annual Convention."

Report No. 4 of the Committee on Canons.

The Committee on Canons, to which was referred the resolution of the Special Committee on Church Architecture proposing a Canon to create a Commission on Church Architecture, begs to report that, in its judgment, the proposed Canon is inexpedient.

The Committee therefore offers the following resolution:

Resolved, That the Committee be discharged from further consideration of the subject.

For the Committee,

HENRY TATLOCK, *Chairman*.

CANON OF THE COMMISSION ON CHURCH ARCHITECTURE.

SECTION 1. There shall be a commission on Church Architecture, which shall consist of the Bishop of the Diocese, together with two clergymen and two laymen annually appointed by him.

SEC. 2. It shall be the duty of every parish and mission which receives aid from the Diocese to inform the Commission, through the Bishop, of its intention to erect or extensively to alter any church building or buildings. When the site and general arrangements of the building or buildings shall have been approved by the Commission, the preliminary sketches of the same shall be submitted to the Commission for its counsel and advice. If these sketches shall receive the approval of the Commission, the completed drawings, specifications and estimates, shall then be laid be-

fore it for its counsel and advice. The construction may be begun upon receipt, by the parish or mission, of the Commission's final approval of these finished plans. The decision of all questions submitted to the Commission shall be given in writing within fifteen days after their receipt.

SEC. 3. It shall be the duty of every parish which does not receive aid from the Diocese, by its rector, wardens and vestrymen, to lay before the Commission, through the Bishop, the preliminary sketches, and later the completed drawings and specifications for any new building or buildings, or extensive alteration in existing building or buildings, for its suggestions; which suggestions shall be given in writing within fifteen days after receipt of such sketches and plans.

The following resolution was substituted for the resolution contained in this report:

Resolved, That the Canon to provide for a Commission on Church Architecture be re-committed to the Committee on Canons to be reported to and acted upon by the next Convention.

The tellers of election reported the following named gentlemen elected as clerical and lay deputies to the Synod of the Province of the Mid-West (whole number of votes cast, 92; necessary to a choice, 47): The Rev. Herbert H. Fox, Rev. W. D. Maxon, D. D., Messrs. James Cosslett Smith, Dudley W. Smith, Samuel Post and D. P. Sullivan.

But two of the clerical nominees having received a majority of the votes cast, a second ballot was taken and the tellers retired.

The tellers of election reported that there was no choice for the remaining two clerical deputies to the Synod of the Province of the Mid-West. On motion, the rules of order were suspended and the Rev. W. H. Poole and Rev. Emil Montanus, having received the next highest number of votes on the first ballot, were declared to be the choice of the Convention.

The report of the Committee on Retiring Allowances was read and the resolutions contained therein were adopted:

On motion of Dr. Tatlock, the Secretary was instructed to remove from the list of parishes and missions, as printed in the Journal, Christ Church, Stockbridge; St. John's Mission, Millersburg, and the missions at Indian River and Mackinaw City.

Recess was taken at 1:00 o'clock.

SECOND DAY—Afternoon Session.

The following resolution offered by Mr. Lewis H. Pad-dock was adopted:

Resolved, That the warden and vestrymen of St. Paul's Mission, St. Clair, be and they hereby are authorized and directed to take such action as may be necessary for the recovery of the personal property of said Mission.

The report of the Commission on Domestic and Foreign Missions was accepted and adopted.

Report of the Commission on Domestic and Foreign Missions.

To the Eighty-second Annual Convention of the Diocese of

Michigan:

During the past year this Commission has lost, by reason of his elevation to the Episcopate, its chairman and most efficient member. Dr. Faber never spared either his time or strength in urging this Diocese to do its part in evangelizing the world. We miss his inspiring and stimulating leadership.

While chairman of the Commission on Domestic and Foreign Missions it fell to his lot to figure out the apportionment for each of the parishes and missions. This was always done promptly on receipt of the apportionment for the Diocese from the Board of Missions in New York.

Up to Sept. 1, 1914, the Diocese of Michigan paid only 82% of the amount asked of it. Of our 103 parishes and missions 96 gave

something, and 50 completed their apportionment. The list of the parishes and missions with the amount asked and the amount given towards the apportionment follows this report.

The past eight years have shown a continuous growth in the amount given for the work of missions:

In 1908—52 Parishes gave.....	\$ 6,720.12
In 1909—67 Parishes gave.....	7,873.57
In 1910—69 Parishes gave.....	8,845.84
In 1911—79 Parishes gave.....	9,646.79
In 1912—96 Parishes gave.....	12,322.40
In 1913—98 Parishes gave.....	13,517.27
In 1914—96 Parishes gave.....	13,749.46

This year, up to May 15th, the Diocese has given \$14,032.51 towards the apportionment of \$16,091.00. How much of this was given towards the Emergency Fund of \$400,000 asked for by the Board of Missions, it is difficult to say. With the amount that was presented at the service in the Cathedral yesterday the apportionment, for the first time since its inauguration, has been met by the Diocese of Michigan. It is an indication of what the Diocese can do. We hope it is the beginning of better things. Having once reached the goal, Michigan must not fall back.

With four months still before us we ought to give far more than the amount asked of the Diocese. The gifts towards the Emergency Fund should be in addition to the apportionment.

Before May 1st, 29 parishes and missions completed their apportionment. These are:

We have sent out one letter which brought a few encouraging replies. We do not care so much for letters, however, as we do larger offerings paid more promptly by the parishes and missions. The Michigan Church Club and the members of this commission are ready at any time to assist parishes and missions in presenting the cause of missions to their congregations

Very respectfully submitted,

Report of the Harris Memorial Trust.

The Harris Memorial Trust begs leave to report to your honorable body that the Ransom E. Wood Memorial Fund has yielded an income at the rate of five hundred dollars (\$500.00) per annum since the last report. Under the direction of the Board of Trustees, the revenue derived from that fund has been applied to the salary of the Curator of Harris Hall.

The principal is now invested in mortgage bonds, approved by the Trustees, yielding an annual income of five per cent (5%).

LEWIS H. PADDOCK,

Treasurer of Harris Memorial Trust.

SIDNEY T. MILLER,

Secretary of Harris Memorial Trust.

May 18th, A. D. 1915.

The following resolution offered by Rev. Dr. McCarroll was adopted:

Moved by Rev. John McCarroll, seconded by the Rev. Amos Watkins, that this convention place upon record its profound appreciation of the professional services of Chancellor James Cosslett Smith, Mr. Lewis H. Paddock, Treasurer of the Trustees of the Diocese, and Mr. R. McClelland Brady, as Secretary-Treasurer of the Board of Managers of Diocesan Missions.

The report of the Special Committee on Unpaid Assessments and Retiring Fund Allowances, recommending that the unpaid assessments of St. Stephen's Church, Detroit; Christ Mission, Flint; St. Peter's Church, Hillsdale; Grace Church, Lapeer; St. Paul's, Lansing; St. John's, Midland; Christ Church, Owosso; St. Paul's, Saginaw, and Emmanuel, St. Louis, and the retiring allowances for Trinity, Hudson; Christ Church, Owosso, and Emmanuel Church, St. Louis, be cancelled, was accepted and adopted.

The report of the Special Committee on Uniform System of Accounts, with the recommendation that the financial report blank as suggested by the Committee of the Church Club be adopted, was accepted and adopted. The committee further recommended to the parish treasurers the use of the ledger suggested by the special committee of the Church Club, which ledger can be purchased from the George A. Drake Co., of Detroit, for \$3.00.

Report of Committee on Uniform Accounts.

To the Eighty-second Annual Convention of the Diocese of Michigan:

Your Committee to whom was referred the report of the Committee from the Church Club referring to a system of uniform accounting have carefully considered the same and examined the forms submitted and recommend that the report be accepted and adopted, with the following changes in the form:

First, by adding to the footnote C (pertaining to item "Other Special Offerings") the words "General Clergy Relief or Church Pension Fund," and by changing the line "Maintenance of Sunday School" to "Maintenance of Sunday Schools," and with such changes we recommend the adoption of the report.

All of which is respectfully submitted.

D. P. SULLIVAN,
F. E. BEARD,
M. F. COTTRELL.

The following resolution was offered by the Rev. Herbert H. H. Fox:

"Resolved, That the items "Present Number of Confirmed Persons Not communicants," "Present Number of Baptized Persons Not Confirmed," "Present Number of Non-baptized Persons," be stricken from that portion of the annual report blank devoted to vital statistics.

The Rev. Paul Faude offered the following substitute for the resolution of Mr. Fox:

"That the matter be referred to a committee to be appointed by the President, which shall report to the next convention."

The substitute motion was adopted and the President appointed as members of that special committee Rev. S. S. Marquis, D. D., Rev. Herbert H. H. Fox, Rev. Paul Faude and Rev. John Munday.

The report of the Registrar of the Diocese was received and ordered printed in the Journal.

Report of the Registrar.

To the Convention of the Diocese of Michigan:

The Registrar has met the routine duties of his office, the supplying of Journals to other dioceses, to libraries, colleges, and other institutions desiring to complete their sets of Michigan Journals, the supplying of historical information from our diocesan records, and other like things; and he has gradually, by gift and otherwise, been accumulating the nucleus of a theological and historical library for the diocese. The journals, pamphlets, and bound books belonging to our diocesan collection are safely housed in the large space above the vestry and in the reading room of the Mariners' Church, properly arranged for this purpose at the expense of the Trustees of that Church. The Registrar solicits from Clergymen removing from the Diocese, and from the heirs of those having large libraries which they do not wish to retain, further gift books properly belonging to a diocesan library. This now contains:

Convention Journals of various Dioceses.....	3,564
Miscellaneous pamphlets	2,067
Books in manuscript, records, etc.....	14
Plans of Churches.....	3
Unbound numbers of magazines.....	926
Bound volumes, magazines, historical and theological works and Books of Reference.....	685
Total	7,259

The Diocesan Library should include:

1. Works especially relating to Church history and law, parochial, diocesan, national and general.

2. Other historical works bearing indirectly upon Church history.
3. Theological works, speculative and controversial, and written from all standpoints. A good Diocesan Library of reference would plainly include examples of good, strong theological thinking, modern or quaint, both within and without our own communion.
4. Commentaries, cyclopedias and general books of reference.
5. Published sermons and copies of all works written by clergymen and laymen of the Diocese of Michigan.

Maryland, Massachusetts and several other dioceses have already large and valuable collections, and some dioceses place funds at the disposal of the Registrar for the increase of the library by the purchase of new books. It is perhaps too early for our Diocese to do such things, but not too early to look forward to the time when we can have a large, commodious, and comfortable diocesan library and reading room for those who may be specially interested in the things pertaining to the Kingdom of God.

Respectfully submitted,

PAUL ZIEGLER, Registrar.

The following resolution offered by the Rev. Dr. Sayres was adopted:

Resolved, That this Convention expresses its very sincere and heartfelt sympathy with the Rev. Garrett E. Peters and the Rev. R. E. Macduff, now suffering from severe and sore illness. We miss them from our number and we join our prayers for their speedy relief and express a hope for a happy issue out of all their afflictions.

The report of the Special Committee on the Division of the Bishop's Address was accepted and the recommendations made therein adopted.

Reverend Father in God:

The Committee on the Division of the Bishop Address and its reference to appropriate committees would submit the following report:

That part of the address referring to Confirmations and Church Openings and Ordinations, be referred to the Committee on the State of the Church.

That part referring to missions and parishes partly dependent upon missionary grants be referred to the Diocesan Board of Missions. The reason why we do not recommend reference to the Committee on Canons of that part of the address referring to parishes receiving missionary aid is that the matter was so referred by the Detroit Convocation and it has been ascertained that the Convention by Canon would be unable to alter the relations of parishes in any way not in accordance with the state law.

The matter of a Diocesan Commission on Church Architecture should be referred to the Committee on Canons.

The matter of the growth of the Church in the Diocese and the study of the causes of so small a percentage, it is suggested, be left to further consideration by the Committee on the State of the Church.

The matter of Sunday School growth and the causes of the limitation thereof, with possible methods for improvement, are referred to the Diocesan Board of Religious Education. We would refer to the Board of Religious Education, and with special emphasis, the four suggestions: (1) to study the problem in line with the General Board of Religious Education; (2), the establishment of a Correspondence course; (3), the holding of Parish Institutes, and (4), the employment of a trained expert.

It is suggested that a special resolution be placed on record to show our appreciation of the professional services of Chancellor Smith and Mr. Paddock, Treasurer of Trustees of the Diocese, and Mr. R. McClelland Brady, Secretary-Treasurer of the Board of Missions.

JOHN McCARROLL,
SAMUEL POST,
FRANK J. WEBER.

APPENDIX A

The Bishop's Address

Brethren Beloved in the Lord:

We commemorate before God today the following names of our fellow servants in the Kingdom of our common Master who have entered into the rest of Paradise since the last annual meeting of the Diocesan Convention:

The Church at large has lost four of her Bishops.

Rt. Rev. Charles Scadding, D. D., Bishop of Oregon, died May 26, 1914, a vigorous and resourceful leader in the Church's forward work, suddenly called home in the prime of life, full of health and energy and busy with far-reaching plans.

The Rt. Rev. Robert Strange, D. D., Bishop of East Carolina, died August 23, 1914, a loyal servant of the Kingdom of God as well as of the Church ecclesiastical.

The Rt. Rev. Franklin Spencer Spalding, D. D., Missionary Bishop of Utah, died September 25, 1914, a rare combination of the hero and the saint, fearless in his championship of social righteousness, gentle and winsome in personal character, keen in intellect and devout in spirit, godly and manly. In him "mercy and truth were met together; righteousness and peace had kissed each other."

Rt. Rev. William Farrar Weeks, D. D., Bishop Coadjutor of Vermont, died October 23, 1914, faithful and devoted.

The Rev. William Hothersall Gardam, D. D., D. C. L., rector of St. Luke's Church, Ypsilanti, and President of the Standing Committee of the Diocese, died October 1, 1914. A scholar, graceful in style and address, with all the refinements and amenities of true culture; a gentleman, gracious in deportment and manners; a Christian, full of grace; a pastor, faithful and devoted. His quiet, self-sacrificing ministry has left its lasting impress upon the hearts of his people and upon the life of his parish. His character and personality won to a most remarkable degree the respect and affection of the entire community in which he served. Saginaw, St. John's—Mrs. Mary Elizabeth Barnard, strong in faith and consistent in life, of rare executive ability, prominent in the life and work of the parish and a leader among the women of Saginaw.

Mrs. Julius Ahrens, a staunch churchwoman, a good neighbor, a firm friend and a servant of humanity.

Mrs. Margaret J. Blackmore, for many years head of the altar society, she showed her love and devotion to God in the service of His sanctuary.

Wyandotte, St. Stephen's—Mrs. Mary Christian, one of the founders of the parish, a faithful and devout attendant upon its services, a liberal supporter of the church, a consistent Christian.

Mr. and Mrs. J. B. Spillman, drowned in the disaster that lately befell the Lusitania, a young married couple

devoted in life and united in death, anticipating in some degree their fate, they were content to go together.

Ypsilanti, St. Luke's—Mrs. Priscilla Frain Quirk, widow of the late Daniel L. Quirk, recently deceased, and Mary W. Barnard, both life-long communicants of the parish.

For the good examples and blessed memories of these and many other faithful servants of God who have finished their course, kept the faith and are now entered into their rest and reward, we thank God today, and pray that we, with them, may finally be reunited in His Nearer Presence and higher service.

On October 1st, 1914, I formally opened the new St. Peter's Parish House, Tecumseh.

I acted as Presentor at the consecration of Rt. Rev. William Frederic Faber, D. D., Bishop Coadjutor of Montana, in St. John's Church, Detroit, on November 10th, 1914.

I preached the sermon at the consecration of All Soul's Church, Washington, D. C., October 25th, 1914.

I delivered an address at the preliminary meeting of the convention of the Diocese of Maryland, Oct. 27th, 1914. I preached a sermon memorial of Rt. Rev. Franklin Spencer Spalding, D. D., late Bishop of Utah, in Salt Lake City, on November 1st, 1914.

I preached in the Chapel of Hill School, Pottstown, Pa., and of Berkeley Divinity School, Middletown, Conn.

I have served as university preacher at the universities of Chicago, Cornell, Harvard and Yale.

I have delivered Commencement addresses at the Laurel

School, Cleveland, Ohio, and Hillman High and Normal Schools, Hillman, Michigan.

I served as noonday Lenten preacher for one week in St. Stephen's Church, Philadelphia. I have served for the year as President of the National Religious Education Association, and delivered the President's address at the annual convention.

Sermons and addresses delivered, 165.

I attended a meeting of the House of Bishops at Minneapolis, Minn., October 7th, 1914, and the first meeting of the Synod of the Fifth Province held in St. Paul's Cathedral, Detroit, October 13 and 14, 1914.

I have ordained Frank Copeland to the Diaconate.

We have now eighty-five clergy in the diocese, one fewer than last year. Three candidates, however, are awaiting ordination to the Diaconate and one to the Priesthood in June, which will increase the number of clergy by two.

Macduff; applying for restoration of retiring allowance, Rev. Wm. Charles; applying for retiring allowance, Rev. John H. Eichbaum.

DIOCESAN MISSIONS.

The treasurer's report will show a better financial condition than, I think, we have ever known. All liabilities are met and there is a balance of over \$2,000.00 in the treasury. Only \$8.00 have been paid as interest on borrowed money as against \$98.00 last year. Ninety-five per cent of the allotments to parishes and missions have been paid, which fact breaks our record. This condition is due to the systematic, business-like conduct of the treasurer's office. Parishes and missions have been regularly reminded of their obligations and, so far as possible, quarterly payments have been secured, thus avoiding the necessity of borrowing money to cover deferred payments. For all this our most grateful recognition is due to the treasurer.

I would remind the convention, however, as we congratulate ourselves on this large balance, that \$1,500.00 was appropriated by the Board of Managers for a Canon Missionary or Educational Secretary. This amount was not called for because of reasons which I shall give later. But

it probably will be called for this coming year. Also the sum of \$1,664.98 was appropriated but not used on account of vacancies, but by July 1st it is expected that all but one of these vacancies will be filled and one, if not two, new fields opened. We shall need all the money we can get

Now as to the work. There are many grounds for encouragement in the field. Two beautiful new churches have been opened and blessed—St. Paul's, Romeo, and Grace. Standish. The debt on the latter amounts now to less than \$300.00 and will soon be paid off by the energetic and devoted congregation. Christ Church, Henrietta, one of our few rural churches, was burned to the ground last year. But the congregation of farmers set to work at once with a will to rebuild. They received some insurance money, and five hundred dollars from the Advent offering of the Sunday Schools of the Diocese, and subscribed liberally themselves. They did much of the work of excavating and hauling material, building themselves into the new structure. They assumed personally the remaining debt, so that a beautiful brick church will be awaiting consecration some time in June. The parish has prospered greatly under the administration of the faithful and capable Lay Reader, Mr. C. H. Merriam. One of the largest classes in the history of the parish was confirmed last fall. Henrietta is now one of the bright spots in our missionary field.

A lot has been purchased and plans are being prepared for a new edifice at Plymouth where we have hitherto been worshipping in a rented church.

A commodious and well-appointed Presbyterian church at Port Austin has been purchased with the proceeds of a lot and rectory sold many years ago and regular services will soon be started at that point.

Croswell and Lexington, long closed and dormant, are giving many signs of awakened interest and life under the energetic administration of Rev. Dr. Hartley.

Sandusky, for some time vacant, will have a resident minister by July first, and he will also take charge of our missions at Deckerville and at Carsonville, where we have recently purchased a lot for a church.

In the Northern Convocation we are about to divide two overgrown fields. Rev. Dr. Nimmo, who has always done the work of two or three ordinary men, is to become vicar of St. George's, Detroit, under the rector of St. John's. His field of six stations along the Mackinac division of the Michigan Central is to be divided. The Rev. Frank Cope-land of West Branch will take charge of Grayling, Gaylord and St. Helen's, giving, as heretofore, week day services. And it is planned to serve Gladwin, Standish and Pinconning from Bay City by a candidate for Holy Orders or a clergyman, under the oversight of Rev. Mr. Jermin of Grace Church. It is hoped, with the aid of an extra Lay Reader, to give regular services every Sunday to these developing stations, which hitherto have had services only every other Sunday.

The field so long and faithfully served by our devoted missionary, Rev. Mr. Bulkley, is also to be divided. The congregation at Onaway has pledged about \$600 for a resident minister. A Deacon, soon to be ordained, will be sent there. He will have charge of Hagensville and Rogers City, where recently a most promising work has been begun. I have just given consent to the formation of St. Luke's Mission, Rogers City. Dean Hastings is about to begin work at Rockport.

Trinity Church, West Branch, has released \$50.00 annually of the grant hitherto made by the Board of Mis-

sions; St. Mark's, Marine City, has released the whole grant to it, \$100 annually.

Our indefatigable general missionary has found a whole county where no services of this church have ever been held, with a county seat at present without religious services of any sort. There is only one church in the little town, a Methodist church, which has been for some time closed. The people seem favorably disposed towards our church and it is hoped to send a pioneer into this place for a time to see if any work can be developed. Outlying districts, now spiritually or religiously destitute, might be reached from this center which is now remote from a railroad, though one is being built which will finally reach it. The development of water powers in the vicinity promises some increase in the population.

In Detroit there are two most hopeful signs of progress. The Cathedral has been granted the use of the property of All Saints Mission for experimentation in social service and is opening there a social center or neighborhood house with various activities to meet the needs of the neighborhood.

Mariners' Church has at last been made available as a center for active service. The Trustees have generously provided, out of the income of the endowment, a sum sufficient to maintain a clergyman. This has been supplemented by a grant of \$500.00 for incidental expenses from the Board of Missions. The Rev. Paul Ziegler, after over thirty years of faithful service, has been elected rector emeritus and the Rev. Hubert W. Wells, who has had long and wide experience in social service work, took charge as rector of Mariners' Church on May 1st. He will make a careful study of the neighborhood of Mariners' Church as well as of the general needs of the city, the undeveloped forces for social service in the Church, and the agencies with which the Church

may co-operate; and then develop a plan for making this ancient center with its endowment actively serviceable.

St. Mary's, Detroit, has purchased a large and well situated lot on the corner of Canfield and Van Dyke and from the proceeds of the sale of their old property have built on the rear of the lot a commodious and handsome chapel. The field is rapidly growing in population and is most promising.

These signs of growth and promise are most encouraging.

There is one problem in our missionary field which I wish to bring to the attention of the Convention with the suggestion that it be referred to the Committee on Canons for their consideration. A large proportion of the congregations receiving missionary grants are parishes. Some of these assisted parishes have been assisted for many years and still maintain their parochial organization. That is, the diocese is partly responsible for their support but the diocesan authorities, especially the bishop, have no right to regulate their affairs. "These things ought not so to be." Of course, there occur stresses in the life of a parish when temporary help is needed until it gets on its own feet again. But temporary help ought not to become permanent. And there is no reason why a feeble and decaying parish should have privileges of self-government which are denied to a perhaps larger and growing young mission. Such a course pauperizes the parish and takes incentive to self-support away from the mission.

The present Canon, providing that any parish receiving missionary aid may dissolve its parochial organization and apply to be admitted as a mission, is entirely futile. A canon making this permissive action mandatory would be too drastic. But could not a Canon be framed which should provide for a gradual deprivation of the privileges

of self-government as the period of dependence lengthened? Perhaps some rule like this could be adopted:

"Any parish receiving aid for five years shall forfeit the right to elect its own rector and the appointment of the minister in charge shall be in the hands of the Bishop."

"Any parish receiving aid for ten years shall lose the right to elect its own vestry, and the appointment of the vestry shall be vested in the Bishop."

"Any parish receiving aid for fifteen years shall dissolve its parochial organization, apply to be admitted as a mission and transfer the title to all its property to the Trustees of the Diocese."

I suggest this only as a tentative scheme for the consideration of the Committee on Canons and the Convention.

I recommend also to the consideration of the Convention and, if the convention sees fit so to refer it, to the Committee on Canons, a Canon establishing a Diocesan Commission on Church Architecture. (A copy of this proposed Canon is now in the hands of the Committee). It is drafted after a Canon which has been found useful in Massachusetts and I believe elsewhere. The advice and oversight of such a commission, composed of men of experience, knowledge and good taste, would be of large value to us. They would secure an acceptable standard of architecture in the diocese and also save much unwise expenditure of money. The Rev. Henry J. Simpson, of Lansing, has rendered most valuable service in this respect during the last year. But we ought not to depend on chance and voluntary service. An official commission canonically established would have authority such as no volunteers could possess, however well qualified for the service.

GENERAL MISSIONS.

The stress of the world-war now raging has affected our General Board of Missions in two ways—it has enlarged their responsibilities and decreased their resources.

The burden of the world's work is falling largely on Christian America. This is especially true of the work of Christian Missions. England is bravely keeping up her share of our great common responsibility in spite of the strain on her national resources. But it is inevitable in the present crisis, when Christian civilization seems to be breaking down and some so-called Christian nations to be relapsing into temporary barbarity and savagery, that this paramount cause of the advancement of Christ's Kingdom in the world should suffer, unless we come to its rescue with extraordinary efforts.

The hitherto prevailing financial stringency, the natural effect of the great war, has crippled the giving power of our people, or at least has made them cut down their usual beneficences. Most people in time of stress, I am sorry to say, apply their economies first to their benefactions, rather than to their luxuries. The Missionary Boards of some of our Christian Communion, notably the Presbyterian Board, have successfully and triumphantly met this searching challenge. But our own Board faces a great deficit of \$400,000.00 in the budget necessary to meet its ordinary demands, without consideration of the increased obligations which this crisis lays upon us.

Our own accumulated derelictions of duty in this diocese have helped to swell this deficit. The shame and blame of it rest in no small measure upon us. We have never met our diocesan apportionment, that is, we have never yet borne our fair share of the common burden. Our record

for the fiscal year of the Board ending September 1st, 1914, is as follows: Total offerings for apportionment \$13,749.46 on an apportionment of \$16,740.00, an increase of \$232.19 over the year before, but \$2,990.54, or nearly \$3,000.00 less than the obligation laid upon us. That is, we are still in the eighty per cent class, scarcely passable when tested by the Christian standard which is always one hundred per cent. Indeed nothing is of Christian grace which does not over-pass the limits of legal and bounden duty. The parishes and missions which met or exceeded their apportionment for this fiscal year, ending September 1st, 1914, and which are therefore on our honor roll for that year are as follows:

So far on this fiscal year we have paid \$9,945.80 on an apportionment of \$16,091.00, being \$1,127.67 more than last year. Twenty-nine congregations have already completed their apportionment for the current year.

I have sent out a pastoral letter to all congregations in the diocese, asking them to make a special effort to meet the present emergency by carrying out the "one day's income" campaign, recommended by the Board. The results of that appeal will be known when this morning's offering is counted. In addition to this offering, the General Board reports that up to April 19th, 1915, the sum of \$1,086.00 has been contributed to the emergency fund by this diocese, \$600.00 coming from one parish, St. John's, Detroit.

But special appeals and spasmodic and emotional efforts are neither wholesome nor to be relied upon. The "King's business" should be conducted in a business-like way. That is the intent of the apportionment plan. There is not a congregation in this diocese that can not easily meet and more than meet its just share of our common obligation, if the congregation goes about it in a systematic, business-like

way. The burden is very carefully and scientifically adjusted to the abilities and resources of the congregation.

I want to impress again upon the various vestries that the meeting of the apportionment laid upon the local church is made by canon their business. If every vestry in the diocese would figure the apportionment for general missions into the annual budget of the parish and then, by a member to member canvass with the duplex envelope system, put it up to the congregation individually, the whole problem would be solved. If the clergy will lead and the vestry follow, the congregations will meet and exceed their duty. Therefore, it seems to me, our failure rests chiefly upon the lack of leadership on the part of the clergy or loyalty on the part of the vestries and not on the unwillingness or inability of the congregations.

The Diocesan Branch of the Women's Auxiliary have just closed another year of faithful and fruitful service. They report:

In gifts	\$2,990.00
In boxes	2,143.07

The Junior Auxiliary reports:

In gifts	\$441.50

The Girls' Friendly Society have done their usual good work and besides have maintained the Holiday House and the convalescent cottage at Pine Lake and also the Rest Room in the Broadway Market building in Detroit. I had the pleasure during Lent of conducting in this Rest Room

a Bible Class, introductory to the study of the Prophets of Israel.

The Church Club of the Diocese has rendered its usual invaluable service to the diocese and to the Bishop during the past year and has also enlarged its scope and increased its activities. The club has some important plans and suggestions to lay before the convention. I request that these plans and suggestions receive the earnest and careful consideration of the convention.

In conclusion I want to lay a most weighty matter before your attention and, if possible, upon your minds and consciences. I can do so the more briefly because the details of the situation will be put before you at this evening's session by the committee on the State of the Church and the Diocesan Board of Religious Education.

In my last convention address I intimated that a study of the statistics of our Church in Detroit for the past twenty years had been made by a committee of the Church Club and the results of that study were both startling and alarming. I recommended that the committee on the State of the Church be requested, during the convention year now closing, to make a careful study of that report and to pursue a similar investigation into the statistics of our Church throughout the diocese. That task has been done most laboriously and thoroughly by the committee, to whom we owe our hearty thanks. This work covers a period of 35 or 40 years in the diocese outside of Detroit and of 20 years in Detroit.

I shall let their findings speak for themselves, only asking your most earnest and thoughtful consideration of them and adding a few general comments of my own and some practical recommendations.

The report will show in general that in the diocese outside of Detroit the Church has on the average grown more rapidly than the population, certain centers being excepted; that in Detroit the growth of the Church has fallen far below the increase of the population of the city, and also far below the growth of certain other religious bodies. To illustrate,—the population of the city has more than doubled, the rate being in fact 175%. No Protestant communion has kept pace with this growth. The Methodists lead with an increase of 139%, the Presbyterians following with 82% and the Baptists with 49%. And we bring up the rear with only 18%.

Moreover, in neighboring cities, in more or less like condition with ourselves, such as Pittsburgh, Buffalo, Cleveland and Cincinnati, the Church has grown far more rapidly than the population, in some instances two or three times as fast. In Detroit alone has the Church fallen behind the rate of increase of population, but in Detroit she has fallen far behind. In the country at large the Church has increased 74%; in Detroit only 18%. Once our Church in Detroit held the record as having the largest number of communicants in ratio to the population of all the cities west of the Alleghanies. She has now lost that position.

These facts ought to cause deep searchings of heart, mind and conscience among churchmen, they ought to lead to patient and careful investigation of the causes of this falling off, and finally to wise and energetic action to meet the situation.

I do not care at this time to make any specific recommendations along this line. I leave those to the committee that shall be appointed to study the problem. But I should like to put certain questions before that committee and before the convention.

Are we realizing our claim to be a part of the Holy Catholic Church, a Church for all peoples, classes, tongues and races, or are we dwindling into a sect which ministers to people of one tongue and race only and to a particular class in that section of the community?

Do we make any attempt to minister to, assimilate and christianize the foreign-born who are pouring in such hordes into our city, or do we confine our work more or less exclusively to the elite of the English speaking population?

Are our parishes and missions centers of aggressive work and ministry, that is, are they missionary in character, or are they close corporations, ecclesiastical family clubs, content to minister to a chosen clientele?

One leakage is clearly discernable; scores and perhaps hundreds of communicants of this Church come into Detroit every year from outlying parishes and missions. They often bring no letters from their former rectors or pastors. Or if they do, they are too timid or careless to present them. They do not feel at home. They do not know where to go. And finally they end by going nowhere or else are snapped up by some Christian body more aggressive, that is, more missionary than the proverbially conservative and cold Episcopal Church.

I would suggest to all rectors and pastors outside of Detroit who know of any members of their flocks, whether communicants or not, moving to Detroit, that they send to my office the names and city addresses of such persons that I may assign them to the care of the nearest Detroit rector.

One word of caution I would give to this committee and to the convention against undue exultation over the apparent large growth of the Church in the diocese outside of Detroit. Statistics are deceptive and percentages super-

lately so. When figures are small, percentages are large, but mean little. For example, here is a small mission station in a town of a thousand or twelve hundred. The population shows a slight decrease in ten years. The Church shows an increase of 34% and we rejoice. But when we look into the facts we find that the congregation had ten communicants ten years ago and now has 13. An increase of three in ten years in a population of 1,000 is not ground for undue exultation! And furthermore we find that there have been no services held in that church for a period of months, perhaps of a year or two. We must go behind statistics and percentages to get at the real facts. I have no doubt that the Church in the diocese outside of Detroit has grown faster than the population. But I doubt whether its real strength and growth are what the statistics would seem to make them.

But the most important and most ominous fact disclosed by this investigation is this: Our weakest spot is our most vital spot, the training and nurture of the children of the Church.

While the Methodists have 20% more children in their Sunday Schools than they have members in their churches, our Church has only 44% as many children in our Sunday Schools as we have communicants in our churches. There are about 18,000 communicants in the Diocese of Michigan, and less than 8,000 children in our Sunday Schools! It is a more or less common thing to see a Methodist, Presbyterian or Baptist church with a Sunday School of 1,000 to 1,200. The largest Sunday School in this diocese, St. Joseph's, Detroit, has 400 enrolled with an attendance of 300; the next, Epiphany, Detroit, has 300, while churches with between 1,000 and 1,800 communicants will have 200 or less in the Sunday School. That is, there is one Sunday

School pupil to about five adult members of the Church. As a general rule, there are fewer children in the Sunday School in the average parish than there are *families*, not individual communicants, but families, enrolled in the parish. And what is more startling, we have fewer children in our Sunday Schools today than we had twenty years ago in spite of the growth in the communicant membership of the Church. In Detroit, for example, twenty years ago we had enrolled 4,785 scholars. Today we have only 3,541, a loss of 1,244, or over 25%.

These facts suggest some questions.

We boast of our past. Are we a Church wholly of the past and with no future before us?

Are we all nonogenarians? Have our families no children, and if not, why not? Are our young married people cursed with sterility and barrenness, and if so, why? Or are they refusing their highest duty and most blessed privilege, the bearing and rearing of children?

And if our own people have few or no children, why do we confine ourselves to them? Are our parishes, as I have said, exclusive ecclesiastical clubs? Are there no children yet unreached and unshepherded? If so, why are we not doing our duty by them? Are our own children straying off to other more attractive folds and receiving alien training or else getting no religious education and spiritual nurture of any sort?

Our missionary policy is often radically wrong. There are over a score of missions in this diocese that have no Sunday Schools, perhaps thirty of them. We simply gather little flocks of adults, hardened saints or hardened sinners, with whom we can expect to do little or nothing and let the

plastic children go. In starting a new mission I would take three steps in this order:

1. Gather a Sunday School.
2. Organize a Woman's Auxiliary.
3. Gather a congregation and organize a mission.

Such a church would grow. If a graphic chart were made of any church in this diocese, you would find the line of vital statistics, baptisms and confirmations, following the line of the development of the Sunday School. When the Sunday School is strong, the parish is strong; when the Sunday School is weak, the parish is weak.

In my last convention address I stressed this matter of religious education with the utmost emphasis I could command. I tried to lay this primary and most vital cause upon the hearts, minds and consciences of the clergy, the vestries, the parents and churchmen of this diocese. I fear you thought it was all mere talk and paid little attention to it. Now I lay these facts before you that you may know that the talk had ample grounds for justification. If appeals will not move you, perhaps facts will.

I ask that the Diocesan Board of Religious Education address itself seriously to the study of this problem during the coming year. I ask that the clergy take it up in their parishes. I ask that the vestries give it earnest consideration. I ask that Christian parents and Christian people concern themselves with it.

And particularly I ask this: The vital point in *our* Sunday Schools is efficiency. We can not compete with some of the Christian bodies about us in sensational attractions such as entertainments, etc., though these may have a legitimate function within right limits and we ought not to despise or neglect them.

But we have, in our ritual, liturgy, Christian year, symbolism, in fact in our whole cultus, the most admirable system that could be devised for the religious training and nurture of children. Why are we not making that system efficient? That is the point to which we should address ourselves. We must win and attract by efficiency.

I recommend, therefore, the following program.

1. A thorough study of this problem of Sunday School efficiency by our Diocesan Board of Religious Education, with all the help we can get from the General Board of Religious Education.

2. The establishment of a "Correspondence Course of Advice and Instruction" by the Diocesan Board of Religious Education in all parishes and missions willing to cooperate in the plan, with a view to standardizing our Sunday Schools as to systems of instruction, methods of organization, etc. An utter chaos in these matters now prevails throughout the diocese.

3. The holding of parish Institutes, as suggested by the Church Club, with special instruction on Sunday School problems by representatives of the Diocesan Board of Religious Education.

4. The employment of a trained "efficiency expert," if one can be had, as a Religious Education Secretary of the Diocese, whose business it shall be to study the whole problem and help in the organization of our Sunday Schools upon a basis of efficiency.

Last year I asked for a man who should be the Canon Missionary or General Missionary for the southern part of the diocese and also Religious Education Secretary for the Diocese. The first need is as pressing as ever. The Church is not developing as it should in the southern part of the

diocese and it has not sufficient oversight and work bestowed upon it.

But the second need is paramount and the first must give way to it. The most efficient Secretary of Religious Education would find all that he could do and more than he could do in the Diocese of Michigan.

When I put this matter up to the convention last year, you approved. You said to me in apostolic benediction, "Go in peace, be ye warmed and filled. And yet you gave me not the things needful." Fortunately the Board of Missions found it in its heart to appropriate \$1,500.00 towards the salary and I promised \$500.00 out of the funds at my disposal. I secured the right man, but St. John's Church, Detroit, took him from me. The same resources are available this year, but a salary of \$2,500.00 at least ought to be secured, and then travelling expenses be paid by parishes and missions visited. The Diocesan Board of Religious Education and the Bishop are in constant correspondence with the General Board with a view to getting the right man. It is a difficult thing to do as the field is new and few men have the training and experience for the work. But we hope we may find the man. I hope the convention will approve and support the plan.

I am sorry to be obliged to set before you so many discouraging facts, but I feel obliged to tell you the whole truth as I see it. I feel my own full share of responsibility for the situation. I doubtless have failed in my leadership and administration as your Bishop—but yet I can not quite shoulder the whole blame, as my Episcopate has lasted not quite ten years, and this downward trend in our Sunday Schools began twenty, thirty, perhaps forty years ago. But the facts ought not to be discouraging, but rather challenging, as difficulties and

problems always are to brave men. Let us so face them and address ourselves to their challenge.

I commend heartily to you the work of the General Board of Religious Education and ask that an appropriation of \$404.00 be made to meet our Diocesan apportionment for its support. This sum was paid last year by the treasurer without authorization. He will ask your sanction of his action in this matter.

I cannot close this address without an expression of deep personal gratitude to the Chancellor of the Diocese, Mr. James Cosslett Smith, and the Secretary of the Trustees, Mr. Lewis H. Paddock, for most valuable legal services rendered to the diocese and rendered without remuneration and at the cost of much time and labor. They deserve the grateful recognition of the convention and the diocese.

GAYLORD, ST. ANDREW'S MISSION

GRAYLING, ST. MARK'S MISSION

To the Right Rev. Charles D. Williams, D.D., Bishop of Michigan:

I have held services regularly on the Monday before the last Tuesday every month at 7:30 p. m., Standard time, in Gaylord. The distance from Standish to Gaylord is ninety-one miles and a half. So that in reaching Gaylord and Grayling I have traveled in the last conventional year 2,196 miles, counting in the return trip to Standish. I sent 24 postal cards to Gaylord and 26 to Grayling, to remind each member or attendant of the services a week before I am due in either place. I also put a notice in the Crawford Avalanche for Grayling.

There are no collections taken up in Gaylord and the services are held in private houses, each are inviting us in their turn. I am generally entertained in the house where we hold service in Gaylord.

On the last Tuesday in the month I hold service in Grayling. The people rent the Danish Lutheran Church for their services,

paying \$1.50 a service to the trustees of the church. It is a beautiful building and well adapted to our purposes.

This is my third year in holding monthly services in each of these towns.

FINANCIAL.

Owing to a treasurer over whom we had no control, the new treasurer (J. W. Haarer, treasurer of the State of Michigan) says it is utterly impossible to make up this report from the books. We have now, however, completely corrected the difficulty, and next year's report will be exact and complete.

Use the same base as last year. Expenses have been about the same this year.

Grand Total	<u>\$ 139.24</u>

No collections are taken up at Pinconning. Whatever sums are raised by the people are banked, to form the nucleus of a fund to be expended some day in procuring a little hall for service and Sunday School. As seen in the report the total collection of this last year amounted to \$32.24—which, added to the one hundred and seven dollars in the bank, amounts to \$139.29. These monies are placed in the savings account and are drawing 4 per cent per annum interest.

**OF THE REV. ARTHUR H. LOCKE, RESIDING AT

I have performed no official acts in the past year.

**OF THE REV. W. DUDLEY POWERS, D.D., RESIDING
AT WARRENTON, VA.**

For the year ending May 1, 1915.

On May 3rd, 1914, I preached one of the sermons of the 100th anniversary of the Monumental Church, Richmond, Va., and assisted in another service during the same celebration. June 14th I preached in the morning in Zion Church, Charlestown, W. Va., and in the afternoon in Harewood Chapel, near the same city. On the 28th I again preached in Zion Church, and in Harewood Chapel. July 5th and 12th I preached in Christ Church, Georgetown, D. C.; on the 26th in the Crypt Chapel of the Cathedral of Washington. On August 30th I preached in St. James' Church, Warrenton, Va. On Sept. 6th I preached in St. John's Church, Georgetown, D. C. On Sept. 27th (twice), and on Oct. 4th I preached in St. James' Church, Warrenton, Va. And on February 28th I officiated in St. James' Church, Richmond, Va., reading the service and preaching both morning and evening. I have also celebrated the Holy Communion once each, in Zion Church, Charlestown, W. Va.; Christ Church, Georgetown, D. C.; the Crypt Chapel of the Cathedral of Washington; St. John's Church, Georgetown; and St. James' Church, Warrenton, Va. This completes my service in the Church proper. My opportunities were infrequent, and desultory, I regret to say. I am unable to express my sense of deprivation in this service for which my younger life was a preparation, and my older a great satisfaction.

Since the latter date, and sometime before, with your consent, I have been busy in the Census of Manufactures, being taken by The Bureau of the Census, in the Department of Commerce. Necessity of revenue additional to that generously given by the Diocese of Michigan compelled some compensating effort. This work will be completed about the 1st of June, and I will, with your consent, then, seek some other opportunity to earn. I am sure the good Lord will provide in due time this opportunity.

Sincerely and respectfully,

W. DUDLEY POWERS.

**OF THE REV. WILLIAM O. RAYMOND, RESIDING AT

Holy Communion: Sundays, 44; week days, 12; private, 14; total, 70.

Confirmed persons: In 62 places, 416.

These results would have been larger but for the fact that I lost five weeks through an attack of grippe, and one week by imperative absence in New York. Outside of these absences I have been continuously in the field and at work. We have added two churches to our number, one at Port Austin, and the other at Rose City. The churches at Standish and Romeo have been completed,

and the church at Henrietta is nearing completion. New work has been started at Mio, the county seat of Oscoda County, which until now has been the only county in which we have had no services. A beginning has also been made in Chelsea.

The Missionary field has never before been in such good condition, nor the prospects better. I look for large developments in the coming year. My work during 16 years has resulted in adding 16 churches to the Diocese.

OF THE REV. O. A. SIMPSON, RESIDING AT 206 KALAMAZOO ST., E. LANSING, MICH.

For the year ending May 30, 1915.

No services or other ministrations due to my having devoted all of my time to commercial pursuits.

Woman's Auxiliary ^{TO} _{THE} Board of Missions

MICHIGAN BRANCH

The thirty-sixth annual meeting of the Woman's Auxiliary was held in St. John's Church, Detroit, on Thursday and Friday, May 6th and 7th, the date being changed that the Rev. C. E. Betticher might be able to make the address.

The afternoon of Thursday was given up wholly to business and reports of the different Treasurers, the Vice Presidents, the Church Periodical Club and the Standing and Special Committees.

A general reception was given by the diocesan officers on Thursday evening. The Bishop and Mrs. Williams, Rev. and Mrs. Herbert H. H. Fox, together with the President, Mrs. Frederic B. Stevens, received. Mr. C. E. Betticher arrived that evening and came directly to the Parish House, where he was warmly welcomed.

Friday's session opened with a Corporate Communion in St. John's Church, Bishop Williams being the celebrant. Immediately after the service the Auxiliary assembled in the Parish House, where the Bishop and Dr. Sayres made addresses, giving the account of Auxiliary money spent by them in diocesan work.

On Friday afternoon Rev. C. E. Betticher, of Alaska, gave a most interesting talk, accompanied with stereopticon views.

Annual Report of the G. F. S. in Michigan.

The Annual Festival Service was held in Trinity Church, Detroit, May 29, at 7:45 p. m. The preacher was the Rev. H. H. H. Fox, rector of St. John's Church, Detroit. After the service Trinity Branch served refreshments during the social hour.

Saturday, May 30, at 9:30 the Annual Corporate Communion for Associates was celebrated in St. John's Church. This was followed by the Diocesan Council Meeting.

The principal activity of the Society this year has been in connection with the Alexandrine Rest Room, which has been in charge of Miss E. T. Greene. There are ten branches affiliated with this work, besides fifty-nine members at large. All the Executive Committee meetings, special Council meetings, two Conferences for Associates and Bishop Williams' Bible Class, have been held here. One branch has held its regular weekly meetings here. Other branches from time to time have entertained. The Rest Room was opened every Wednesday evening for two months during the winter, under the care of Miss Madeline Newman, at which time Red Cross work was done.

One of the most interesting events was the Bishop's Bible Class, held on five mornings during Lent, with an average attendance of thirty-one.

Four Conferences for Associates were held during the winter, two in the Rest Room in the evening and two at the homes of Associates.

A Members' Conference was held in Christ Church in November, at which the report of the delegate to the Central Council at Memphis was presented by Miss Flora May.

At the Central Council Miss Frances Sibley, for twenty years President of the G. F. S. in Michigan, was elected President of the G. F. S. A. In consequence she has resigned the presidency of the Diocesan organization.

The Society has published a Diocesan leaflet under the management of a committee of the Rest Room, the Chairman of the committee being Miss Elizabeth Williams, Literature Associate.

Holiday House opened June 26 and Rest Cottage on May 29.
